

Autumn 2018 Provider Briefings

Book now - face to face or live

Face to face local provider briefings and online webinar options are available this autumn. Please note providers are required to attend one autumn provider briefing **only**. The main content in the online webinar will be the same as offered at the face to face sessions but may not hold the same level of local district content.

Provider briefings contain essential updates for managers, directors and committee chairs. They are a way of sharing up-to-date information from the Department for Education (DfE), Ofsted and the local authority. Make sure you are not missing out on important information that will affect your setting.

Booking is essential, and webinar places are limited. To book your place, please click on the link below for the session you wish to attend. This will direct you to the Eventbrite booking page - enter the following password to make your booking: SfYC
