Services for Young Children Childcare Provider Facebook Group

The Hampshire Childcare Provider Support group has been created specifically to share knowledge, good practice and expertise between providers and our service. It is a great opportunity to receive updates, resolve queries and share any information you may find useful to others. We have almost 400 members and would like to welcome more!

To join, follow the link below:

<https://www.facebook.com/groups/1859273727655040/>

Upon requesting to join you will be required to answer this 'filter' question:

1. You will need an Ofsted registration to be a member of the group. What is your Ofsted number?
(If you are an employee, you must quote the Ofsted number of the setting you are based in)

Once answered, your request will be sent for approval by the group's admin team.

(Any individuals interested in becoming a provider and who are not registered need to contact us via the email address above to discuss their options.)

Please note, the nature of this group is to provide signposting professional support to a closed group who meet a criteria, therefore 'friend' requests cannot be accepted.
