Notes

Raw NEET figures are adjusted to allow for young people whose records have expired.

Figures shown are the for the 3 month average of November, December and January.

Data source:

England data: "DfE: NEET Statistics - Quarterly Brief - Quarter 4 2011"

Hampshire data: Hampshire CorePlus based on activity

District data: Hampshire CorePlus based on residency. Note: differences in calculation methods between districts and county make direct comparison difficult.

As data is based on statutory returns, the young people are in academic age yrs 12-14 as apposed to ages 16-18.

Ethnicity comparisons are with White-British. Red text = adjusted rate higher than WBRI. Green text = adjusted rate less than or equal to WBRI.
