

Early Years Education (EYE) Advisory Sold Services

The EYE Advisory Team has a strong reputation for delivering high-quality training, support, courses and resources. Currently, a range of best practice Early Years opportunities are available for purchase. These are additional to our General Offer and subject to capacity and availability.

Early Years sold service menu:

Support Work

Support includes setting support, training and input and targeted support programmes. This bespoke support work is tailored to meet specific needs, interests or requirements.

Training Packages

Training is offered on a wide range of Early Years topics. Mini-Modules are available to fit in with busy diaries. Please see the website for more details.

Colleges and Universities

Training is available for the staff and students of colleges and universities.

County Training

Additional places for non-subscribers and out-of-county practitioners are available to purchase on our core EYFS courses.

Make It happen: An introduction to working in the Early Years (PVI)

Learning, playing and interacting: Good practice in the Foundation Stage (Schools)

Exhibits and Exhibitions

Best practice exhibits and entire exhibitions for Early Years conferences.

A Range of Early Years Publications

Please see the website for a comprehensive list of publications available.
