New Forest

I currently share the role of Early Years Leader at Wildground Federation and love working with a highly skilled and enthusiastic team. Our Early Years is made up of two Reception classes and a Resource Provision for preschool children with speech, language and communication needs, of which I am the teacher-in-charge.

We strive for high-levels of engagement for all children; we achieve this through creating a highly stimulating environment which offers varied and imaginative experiences. As a result children make outstanding progress in all areas of learning.

We are passionate about securing positive outcomes for all our children, including those facing barriers to their learning and development. We find creative ways to embed strategies and approaches which support children with additional needs, into our Continuous Provision.
