School Travel Plan:

To reduce the number of cars dropping off and collecting school pupils, the School Travel Plan team has begun work with the school.

The proposals include:

Health England’s Active 10’, which is about walking smartly for 10 minutes a day.

An accreditation system called Mode Shift Stars’ encouraging children to gain recognition for walking to school.

Coffee morning to raise parental awareness, particularly for parents new to the School.

Possible scooter and cycle training for the children.

A car share scheme: School is looking into a mobile app for parents to take ownership/promotion.

Provision of scooter/cycle parking.

Designated parent shelter and waiting area.

Highways Works:

1. Highways improvement works adjacent to school:

   Proposed works include installation of new gateway signage, revised position for ‘20 is plenty’ signs, new Slow’ markings, cutting back of vegetation to ensure good visibility of signs, straightening and correction of alignment of existing signposts and new additional 30mph’ signs.

2. New/revised parking controls:

   These include areas of double yellow lines (no waiting at any time), time controlled single yellow and zigzag lines with signage (controlled waiting/stopping) passing areas and formalisation of the existing disabled parking bay.

3. Drainage improvement works at junction where there has been surface water flooding. Works completed April 2018.

4. S278 works along Brislands Lane and with its junction at Lymington Bottom: Work to pavements completed March 2018

5. Provision of line markings and work to verges on Gradwell Lane.

6. Possible solutions to improve the pedestrian link.

7. The recreation ground has been identified as a viable option for Park and Stride.
