Hampshire Music Service Ensemble Membership
– Privacy Notice

Why do we collect and use this information?

Hampshire County Council is the organisation responsible for processing your information (the Data Controller). Our Hampshire Music Service collects and uses information from you for the purpose of managing the application and membership for Hampshire County Youth Music Ensembles.

We collect information about your child as well as information about you as their parent/carer. We hold this personal data securely and use it to:

- Review the ensemble application and make a decision;
- Communicate the outcome of the application with you;
- Manage enquiries from you around the application process;
- Set up ongoing payment arrangements;
- Send out payment request reminders;
- Evaluate and improve our services; and
- Ensure compliance with our obligations under the accuracy principle of the General Data Protection Regulation (Article (5)(1)(d)), making sure our records about you are up to date.

The following sections provide further detail around the information we process setting out what allows us to do this (lawful basis), who we may share it with, how long we keep it for (the retention period), alongside identifying any rights you may have and who to contact if you think we're not handling your information in the right way.

The categories of information that we collect, hold and share

The following personal information is processed:

- your personal information (name, address, telephone numbers, email);
- your child's information (name, date of birth) and characteristics (current school/college name, current year group, school/college name in Sept); and
- your child's musical information (instrument played, voice type, standard, current Hampshire Music Service ensemble membership status, current Hampshire Music Hub Scholars award, choice of ensembles).

The lawful basis on which we process this information

We collect, store, use and share the information ensuring that we comply with the General Data Protection Regulation (GDPR) and Data Protection Act 2018 (DPA2018) requirements for processing through:

- Article 6(1)(b) - the processing is necessary for a contract we have with you, or because you have asked us to take specific steps before entering into a contract.

Under this lawful basis we do not require your consent to process this information for managing your ensemble application and informing you of the outcome, once you have submitted an application form. Once you sign the agreement, we can also process the information provided for maintaining and delivering your membership (the contract). We

are required though, through this privacy notice, to ensure you are fully informed of why we are collecting this information and what we will do with it.

Please note that no automated decision making (decisions taken without a person involved) occurs for any parts of these activities controlled by the County Council.

The County Council does use profiling as part of this process through restricting its membership to young people up to the age of 19, who are in full-time education at school/college/home. Priority is also given first to Hampshire residents, and then to non-Hampshire residents attending Hampshire schools and colleges.

Storing and Securing Data

The information provided to us will be held within the County Council's Ensembles database. The information held within the access database will be kept for 6 years, plus the current fiscal year, and then disposed of as appropriate. The database is hosted by the County Council in secure data centres based in the UK. No information leaves the European Economic Area (EEA).

The County Council takes its data security responsibilities seriously and has policies and procedures in place to ensure the personal data held is:

- prevented from being accidentally or deliberately compromised;
- accessed, altered, disclosed or deleted only by those authorised to do so;
- accurate and complete in relation to why we are processing it;
- continually accessible and usable with daily backups; and
- protected by levels of security 'appropriate' to the risks presented by our processing.

The County Council also ensures its IT Department is certified to the internationally recognised standard for information security management, ISO27001.

Who do we share information with?

We do not share information with anyone unless there is a lawful basis that allows us to do so. The information you provide for ensemble membership is not shared with any third parties.
