

Quality, cost effective travel planning service to keep you moving

Do you want a fitter and healthier workforce?

Do you want to overcome the rising cost of transport and travel?

Do you need help to overcome the barriers to sustainable travel for your site?

What is a travel plan?

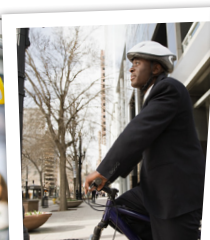

A travel plan is a package of measures aimed at encouraging sustainable travel with an emphasis on reducing the reliance on car travel. It will aim to reduce the number of people travelling by car alone to or from a site and increase the number of people using active and sustainable travel modes.

Benefits of a travel plan

- Improved health and wellbeing
- Ease parking problems and reduce the need for and cost of providing parking spaces
- Reduce congestion at peak times, improving commuting travel times
- Financial savings for both organisation and employee
- Improved personal and road safety
- Aids business as usual
- Supports CSR
