Funding Opportunity – Digital Care Technology

There is an opportunity for CQC registered care providers in Hampshire and Isle of Wight to access funding to purchase digital technologies which you feel can support your care provider to deliver the following:

- Improved care quality and safety
- Reduce admissions and readmissions
- Support people to live independently

If you are interested in accessing funding to purchase digital technologies, please contact the HIOW Digital Social Care Team on hiowicb-hsi.hiowdigitalsocialcare@nhs.net and they will advise you of how to formally submit a short expression of interest to accessing funding.

Glad to Care Awareness Week 16 June

Glad to Care Awareness Week is an opportunity to show appreciation for the extraordinary contributions that carers make to the lives of people who receive care, and the peace of mind they give to the families currently looking for care.

There are lots of ways to get involved in different sessions and activities. This year the focus is on wellbeing.

Connect 5 Mental Wellbeing Training

Connect 5 Training, based on the 5 ways to wellbeing, builds confidence, skills and competencies required to have open and honest conversations about mental health and wellbeing.

The training is 3x3 hour sessions. You will need to participate in all three modules to successfully complete the course. Find out more about [the training](#) and [book your place](#).
