# Domestic Abuse: A Referral Pathway for Hampshire

## What is domestic abuse?

Domestic abuse is any single incident, course of conduct or pattern of abusive behaviour between individuals aged 16 or over who are “personally connected” to each other as a result of being, or having been, intimate partners or family members, regardless of gender or sexuality. Children who see, hear or experience the effects of the abuse and are related to either of the parties are also considered victims of domestic abuse.

Behaviour is “abusive” if it consists of any of the following: physical or sexual abuse; violent or threatening behaviour; controlling or coercive behaviour; economic abuse; or psychological, emotional or other abuse. This includes incidences where the abusive party directs their behaviour at another person (e.g. a child). Economic abuse means any behaviour that has a substantial adverse effect on someone’s ability to acquire, use or maintain money or other property, or obtain goods or services.

## What is risk assessment (DASH)?

Risk assessment is a crucial part of helping to deal with domestic abuse. Levels of threat, danger and violence need to be identified and established to ensure the most appropriate course of action, and also to ensure the victim’s safety. In Hampshire we recommend that everyone uses the DASH risk assessment. It also identifies cases needing to be referred to MARAC/HRDA.

## What are MARAC and HRDA?

In a single monthly meeting, a domestic abuse Multi Agency Risk Assessment Conference (MARAC) combines up-to-date risk information with a comprehensive assessment of a victim’s needs. It identifies the actions needed to keep them safe and the most appropriate services for all those involved: victim, children and perpetrator.

HRDA meetings are the daily version of MARAC that the highest risk cases are heard at, receiving a more immediate response.

Complete a MARAC referral form and email it, together with the DASH assessment if you have one, to hampshire.mash.admin@hampshire.pnn.police.uk

The MASH will decide if the case will be heard at MARAC or HRDA, you do not need to make this assessment or decision. You can also call 01329 316 113 to make referrals to MARAC/HRDA or to seek further advice.

For more information about MARAC/HRDA and how to refer, visit the Hampshire Domestic Abuse Partnership website.
