

Adults' Health and Care

Update for care providers

17 April 2020

Free online training resources

Adults' Health and Care's Partnership in Care Training (PaCT), would like to support providers with their training at this time. We have FREE online resources that have been produced by Grey Matters – A Skills for Care provider of Excellence organisation to share with you. This free offer is available for the next six months. Certificates can be downloaded at the end of each course and each course can be translated into over 100 different languages.

The resources include training that would be helpful to:

- Upskill current non operational staff in your organisation
- Develop skills in those wanting to volunteer in your services
- Meet refresher requirements of statutory and mandatory training
- Support completion of the Care Certificate.

There are over 40 topics, including:

- Assistive Technology
- [Coronavirus \(COVID-19\) Essentials](#)
- Communication Skills
- Fluids and Nutrition
- Infection Prevention and Control
- Moving and Handling
- Care Certificate (15 individual courses)
- Dementia Awareness
- Eating and Drinking
- Fire Safety
- Food Safety and Hygiene
- Medication - Supporting and Assisting (Part 1)
- Privacy and Dignity in Care
- Safeguarding Adults
- End of Life Care

To give as many people as possible access to this training we will be providing an initial one month access per person. An extension can be requested should this time not be sufficient for a team member to complete the learning required.

To be given access please contact the PACT team using pact@hants.gov.uk. They will provide you with information on how to access the online resources.
