

Hi all,

Thanks for your engagement with the PPE Portal so far and your continued work to keep people safe.

After looking at responses from our Customer Survey last month, Hand Hygiene was the most in demand item of PPE not on the portal. As of Monday 10th August, we have now added Hand Hygiene to the PPE Portal, both to the existing packs (now containing aprons, gloves, IIR masks and hand hygiene) and as individual items.

Order limits can be found on the DHSC Guidance page here:

<https://www.gov.uk/guidance/ppe-portal-how-to-order-emergency-personal-protective-equipment>

If you have any queries or are struggling to register/order, please contact our Customer Service team on 0800 876 6802 who will be able to help resolve your problem.

Thanks,

The PPE Portal Team
