## How you can contribute records

If you have any Hampshire records (old or new) that you would like to contribute to the recording network, please send your data to the appropriate recording group. This will ensure that all data is validated and consolidated by one recording organisation. Through data exchange agreements, HBIC's partner organisations provide us with regular database updates. If this is difficult, please get in touch with HBIC.

For species where no County Recorder exists, HBIC is pleased to receive your records:

**HBIC, Universal Services, The Castle, Winchester SO23 8UD.**
