Friends of Lepe

'Become an active part of your local country park'

Join The Friends of Lepe Country Park Today

Friends of Lepe

The Friends of Lepe was started in January 2007 to promote community involvement and enjoyment of the country park.

Grants were given from the Sustainability Fund of the New Forest National Park, and from Hampshire County Council to help establish the group over the first few months. Now with an active committee and small subscription charge the group is self funding and open to all.

Aims of the Friends

- To protect and enhance wildlife habitats and cultural heritage within the country park.
- To increase understanding about coastal change and management for biodiversity.
- To promote a culture of responsible enjoyment of the country park.
- To provide volunteering opportunities for local people to actively engage with a countryside site.
- To help the park any way we can

Are you a regular visitor to Lepe?
Are you interested in what's going on in the park?

Would you like to receive regular updates on news and events?

Would you like to have your say or learn something new?

Yes !

Then join us today.

	<p>You will receive regular Newsletters about the Park, upcoming events and projects</p>
------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------

<p>A programme of meetings and events just for Friends: free wildlife walks, talks on various subjects, Summer social and Volunteering opportunities</p>	
----------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------

	<p>Helping with practical tasks, wildlife surveys, beach clean-ups, visitor surveys, manning the office and helping with events.</p>
--------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------
