

Consultation on the proposal for a new Resourced Provision for pupils with Social, Emotional and Mental Health (SEMH) needs at Hiltingbury Junior School, from academic 2026/27

Hiltingbury Junior School and Hampshire County Council would like to hear your views on the proposal to create a new Resourced Provision for up to up to 12 pupils with social, emotional and mental health (SEMH) needs opening in phases from academic year 2026/27.

Children and young people presenting with SEMH needs often struggle to manage their emotions and behaviour and can find it difficult to make and keep relationships. The school already support a number of children with complex needs associated with social, emotional and mental health. It has been identified that there are an increasing number of children in the local area who are being diagnosed with SEMH needs and we are therefore working towards expanding our offer of support to these children to attend local schools.

The consultation will run from 20 October to 24 November 2025.

Why do you need to develop a Resourced Provision for pupils with Social Emotional and Mental Health needs at Hiltingbury Junior School?

The County Council is committed to developing and maintaining provision, where possible, to meet demand. Currently the need to provide school places for pupils with SEMH needs in this area of the County is a priority. The County Council and senior leadership at Hiltingbury Junior School are keen to provide this additional provision for pupils and feel this will have a benefit for many pupils at the school.

Why do you need to enlarge the school?

The County Council is committed to expanding successful provision wherever possible to meet demand. There is an increased and growing need to provide specialist support for pupils with SEMH needs in Eastleigh. This proposal will provide much needed specialist educational accommodation to meet current and future demand. The proposal will add a total of up to 12 places at Hiltingbury Junior School.

The school are already meeting the needs of pupils with special educational needs and have the site available and leadership expertise to expand this specialist provision to encompass catering for pupils with social, emotional and mental health in a safe and secure environment.

What building works will be taking place at the school?

New modular accommodation is proposed for this provision, replacing an old modular building no longer fit for purpose. IT, furniture and external play equipment will also be provided.

When will the building works start at the school and how will you ensure the health and safety of pupils attending the school whilst the works are taking place?

It is planned that the building works, to create the facilities at Hiltingbury Junior School will start in summer 2026 with the majority of works undertaken in the school holidays.

Health and safety of children, staff and visitors is paramount. The school would ensure a detailed health and safety plan is drawn up in advance of any works.

What will be the impact on pupils at Hiltingbury Junior School?

The pupils who will attend the Resourced Provision will attend mainstream classes as appropriate to suit their needs and also spend time in the Resourced Provision areas for individual and/or small group support.

The new provision will give the opportunity for Hiltingbury Junior School to further enhance their inclusion and wellbeing offer to all pupils as this should positively impact pupils across the school and not just those placed in the Resourced Provision. The school will use the funding, facilities and resources that the Resourced Provision has to benefit both the Resourced Provision pupils and pupils already at the school. Also, the school can access relevant continuous professional development for staff across the school as well as knowledge being shared by staff within the Resourced Provision across the school.

This new Resourced Provision won't affect current speech, language and communication (SLCN) placements at the Junior School.

Will the school receive additional funding due to the numbers increasing?

Hiltingbury Junior School will receive additional revenue funding related to the Resourced Provision and also additional funding based on the increase in number of pupils on their roll. This will provide the additional staffing and resources required.

What happens after this consultation?

This consultation will run from 20 October 2025 to 24 November 2025. Officers will then consider the consultation responses, received in writing, before deciding whether the proposal should continue to the formal publication stage.

If so, a statutory public notice will be published, setting out the County Council's intent to increase the capacity of the school. It is anticipated that this will be published in Spring 2026.

After the date of publication, there will be a four-week period in which any representations can be made. After the conclusion of this period, the County Council will decide whether to proceed with the proposal. It is anticipated that a decision will be made in Spring 2026.

Will I have the opportunity to discuss the proposal and ask questions?

A drop-in session where you will be able to discuss the proposal will take place on **Thursday 20 November between 3:30pm and 6pm at Hiltingbury Junior School.**

If you are unable to email or visit the above website and wish to make a comment, then please write to sendcommissioning@hants.gov.uk or by letter to:

Claire Campling
SEN Service Manager
Children's Services
1st Floor, Elizabeth II Court West
Winchester
Hampshire
