

Consultation on the proposal for a new Resourced Provision for pupils with Social, Emotional and Mental Health (SEMH) needs at Stanmore Primary School, from September 2026

Stanmore Primary School and Hampshire County Council would like to hear your views on the proposal to create a Resourced Provision for up to 10 pupils with social, emotional and mental health (SEMH) needs at Stanmore Primary School opening in phases from September 2026.

Children and young people presenting with social, emotional and mental health needs often struggle to manage their emotions and behaviour and can find it difficult to make and keep relationships. The school already support a number of children with complex needs associated with social, emotional and mental health. It has been identified that there are an increasing number of children in the local area who are being diagnosed with social, emotional and mental health needs and we are therefore working towards expanding our offer of support to these children to attend local schools.

The consultation will run from 8 September to 26 September 2025.

Why do you need to develop a Resourced Provision for pupils with Social Emotional and Mental Health at the school?

Hampshire County Council is committed to developing and maintaining provision, where possible, to meet demand. Currently the need to provide school places for pupils with social, emotional and mental health needs in this area of the County is a priority. Hampshire County Council and senior leadership at Stanmore Primary School are keen to provide this additional provision for pupils and feel this will have a benefit for many pupils at the school.

Why do you need to enlarge the school?

Hampshire County Council is committed to expanding successful provision where possible to meet demand. There is an increased and growing need to provide specialist support for pupils with social, emotional and mental health needs in Winchester. This proposal will provide much needed specialist educational accommodation to meet current and future demand. The proposal will add a total of up to 10 to the current number on roll at the school.

Stanmore Primary School is already meeting the needs of pupils with special educational needs and has the site available and leadership expertise to expand this specialist provision to encompass catering for pupils with social, emotional and mental health in a safe and secure environment.

What building works will be taking place?

The school proposes to utilise existing surplus accommodation to become the base for the Resourced Provision, only minor adjustments, safeguarding measures, IT and furniture will be required.

When will the building works start and how will you ensure the health and safety of pupils attending the school whilst the works are taking place?

It is planned that the building works, to create the facilities at the Stanmore Primary School site, will be complete for September 2026, with the majority of works undertaken in the summer school holidays.

Health and safety of children, staff and visitors is paramount. The school would ensure a detailed health and safety plan is drawn up in advance of any works.

What will be the impact on pupils at Stanmore Primary School?

The pupils who will attend the Resourced Provision will attend mainstream classes as appropriate to suit their needs and also spend time in the Resourced Provision areas for individual and/or small group support.

The new provision will give the opportunity for Stanmore Primary School to further enhance their inclusion and wellbeing offer to all pupils as this should positively impact pupils across the school and not just those placed in the Resourced Provision. The school will use the funding, facilities and resources that the Resourced Provision has to benefit both the Resourced Provision pupils and pupils already at the school. Also, the school can access relevant continuous professional development for staff across the school as well as knowledge being shared by staff within the Resourced Provision across the school.

Will the school receive additional funding due to the numbers increasing?

Stanmore Primary School will receive additional revenue funding based on the increase in number of pupils on their roll. This will provide the additional staffing and resources required.

What happens after this consultation?

This consultation will run from 8 September to 26 September 2025. Officers will then consider the consultation responses, received in writing, before deciding whether the proposal should continue to the formal publication stage.

If approved, a statutory public notice will be published, setting out the Local Authorities intent to increase the capacity of the school and introduce the new Resourced Provisions. It is anticipated that this will be published in autumn 2025. After the date of publication, there will be a four-week period in which any representations can be made.

After the conclusion of this period, the Local Authority will decide whether to proceed with the proposal. Any final approval will be made in late autumn 2025/Spring 2026.

Will I have the opportunity to discuss the proposal and ask questions?

A drop-in session where you will be able to discuss the proposal will take place on **Wednesday 17 September between 3:30pm and 6pm at Stanmore Primary School.**

If you are unable to email or visit the above website and wish to make a comment, then please write to sendcommissioning@hants.gov.uk or by letter to:

Claire Campling
SEN Service Manager
Children's Services
1st Floor, Elizabeth II Court West
Winchester
Hampshire
SO23 8UG

All comments must be received by 26 September 2025.

How can my views be heard?

We will consider all responses received:

- In person at the drop in date Wednesday 17 September 3:30pm – 6pm
- Via e-mail sendcommissioning@hants.gov.uk
- Via letter

The closing date for responses is 26 September 2025.
