Request	Adding the restricted byway from SU 4291 5222 to SU 4275 5180
The Applicant	<p style="text-align: center;">Paul Howland of 71 Springfield Close, Andover, SP102QR.</p> <p style="text-align: center;">The applicant has lived and walked in Hampshire since 1986, is a member of the Ramblers Association and was Footpath Secretary for the Andover Ramblers for several years.</p> <p style="text-align: center;">This application is made for and on behalf of the Ramblers Association whose office is situated at 2nd Floor, Camelford House, 87-90 Albert Embankment, London, SE1 7TW.</p>

1 The Application Route

1.1 Description

- a. This application should be considered in conjunction with application DMMO 1186 for a restricted byway (applied for by this applicant in June 2017) to which it adjoins at point A.
- b. Applicant reference: St Mary Bourne 609
- c. Classification of proposed Route: Restricted Byway
- d. Start Point A grid reference: SU 4291 5222
- e. End Point B grid reference: SU 4275 5180
- f. The application route length: 0.29 miles.
- g. Application route description: The Application route begins at point A where it adjoins another historic route for which an application has already been made. It then passes inside the double hedge line to the road known as Cold Harbour Farm Lane at point B.

1.2 Application Route utility

- a. The application route when considered together with application route DMMO 1186 would provide an additional link between St Mary Bourne and routes to the north of this picturesque Hampshire village. Cold Harbour Farm Lane to which it adjoins in the south is a very quiet and safe route for both walkers and horse riders.
- b. It will also provide a useful link together with DMMO 1186 to bridleways to the west of this application route (see map below) and will thus open up more of the countryside to horse riders and off road cyclists both of which groups are poorly served in this area.
- c. The route therefore significantly enhances the connectivity of current rights of way in line with the policy described in the Hampshire County Access Plan 2015-2025.

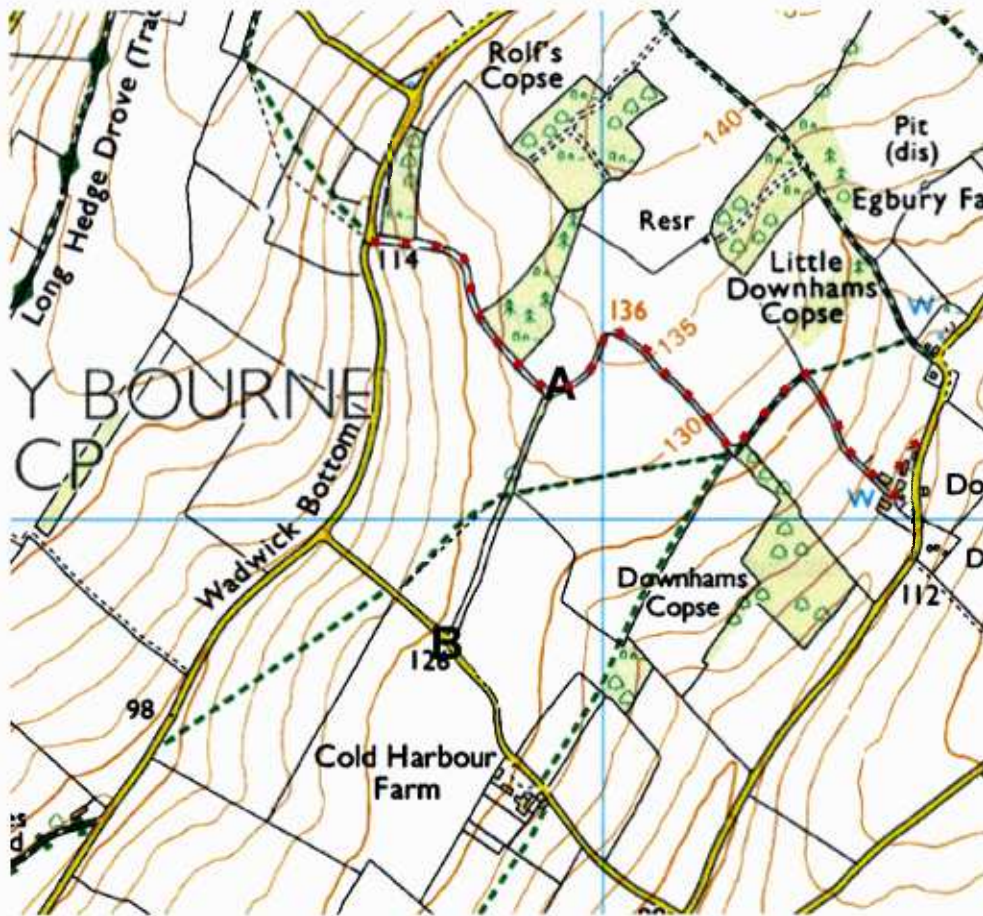

Figure 1. Extract Ordnance Survey Map at scale of 1:25000 showing the application route between A and B and application DMMO 1186 in dashed red.
