EASY-TO-MAKE...

EASTER BUNNY

The cutest
Easter
decoration

You will need:

- Polystyrene egg
- Coloured pens/markers
- White card
- Green felt
- White pom-pom

Other things you'll need:

- Glue and scissors
- Pins or drawing pins
- Pinking shears (optional)

How to make it:

- 1 Start by cutting a circle from green felt. **Optional:** use pinking shears to achieve a zig-zag edge.
- 2 Attach the polystyrene egg to the felt circle with a pin or drawing pin. The polystyrene egg will now stand up, making it easier to decorate.
- 3 Cut out the bunny's ears and feet from white card. Shapes are provided below as a guide.
- 4 Use coloured pens or markers to add details to the ears and feet.
- 5 Glue the ears and feet in place on the polystyrene egg. If you get slippage, use pins or drawing pins to hold the shapes in place while they dry.
- 6 Glue a white pom-pom at the back of the bunny to make the tail.
- 7 Finally, use coloured pens to draw facial features on the bunny.
