EASY-TO-MAKE...

FESTIVE PHOTO BOOTH PROPS

Great for making your own photo Christmas cards

To make the Fairy, you will need:

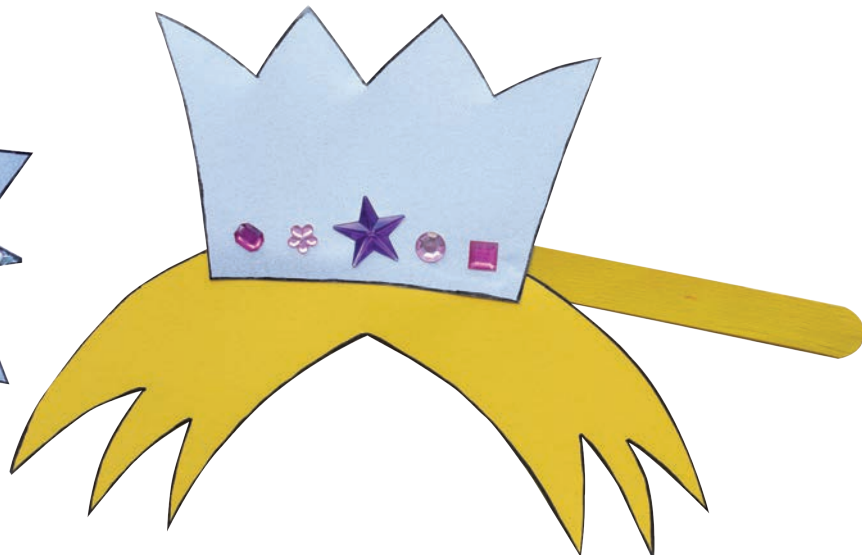

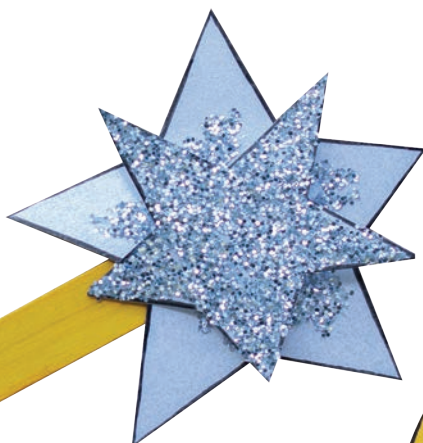

- A selection of metallic and coloured card
- Jumbo coloured lolly sticks
- Glitter and gem stones for decorating the props

Other things you'll need:

- Glue and scissors
- Black felt-tip

How to make the Fairy:

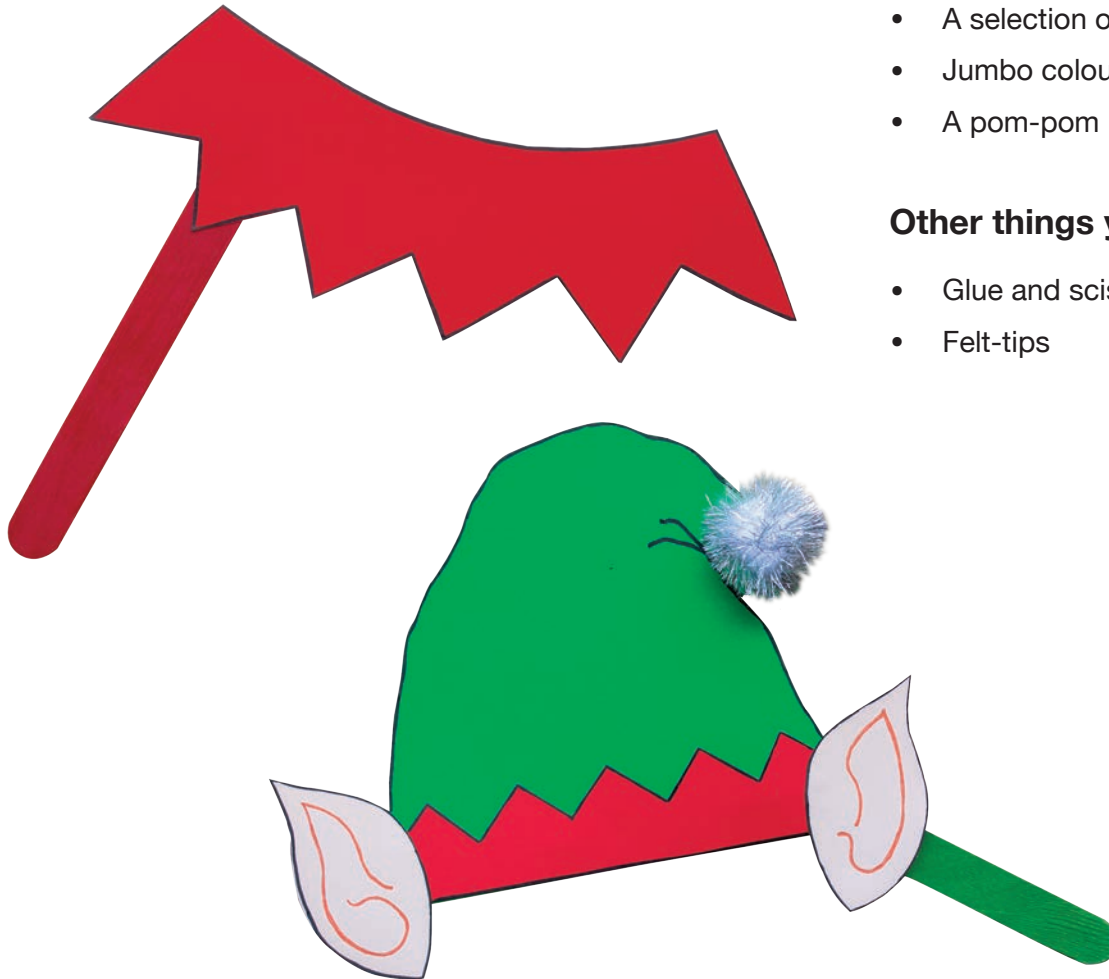

- 1 Cut out the fairy shapes from coloured and metallic card. The templates you'll need are provided on pages 4 and 5 of this how-to guide.
- 2 Decorate the shapes using glitter and gem stones. Allow the glue to dry.
- 3 Outline the shapes with a black felt-tip. This step is optional but it helps to define the shapes and make the prop 'pop'!
- 4 Glue the shapes together as shown in the image.
- 5 Add a blob of glue to the back of each prop and attach a jumbo lolly stick. Set aside to dry before posing with the props in your next selfie or photo op.

To make Santa, you will need:

- Red and white card
- Cotton wool
- Jumbo coloured lolly sticks
- A white pom-pom

Other things you'll need:

- Glue and scissors
- Black felt-tip

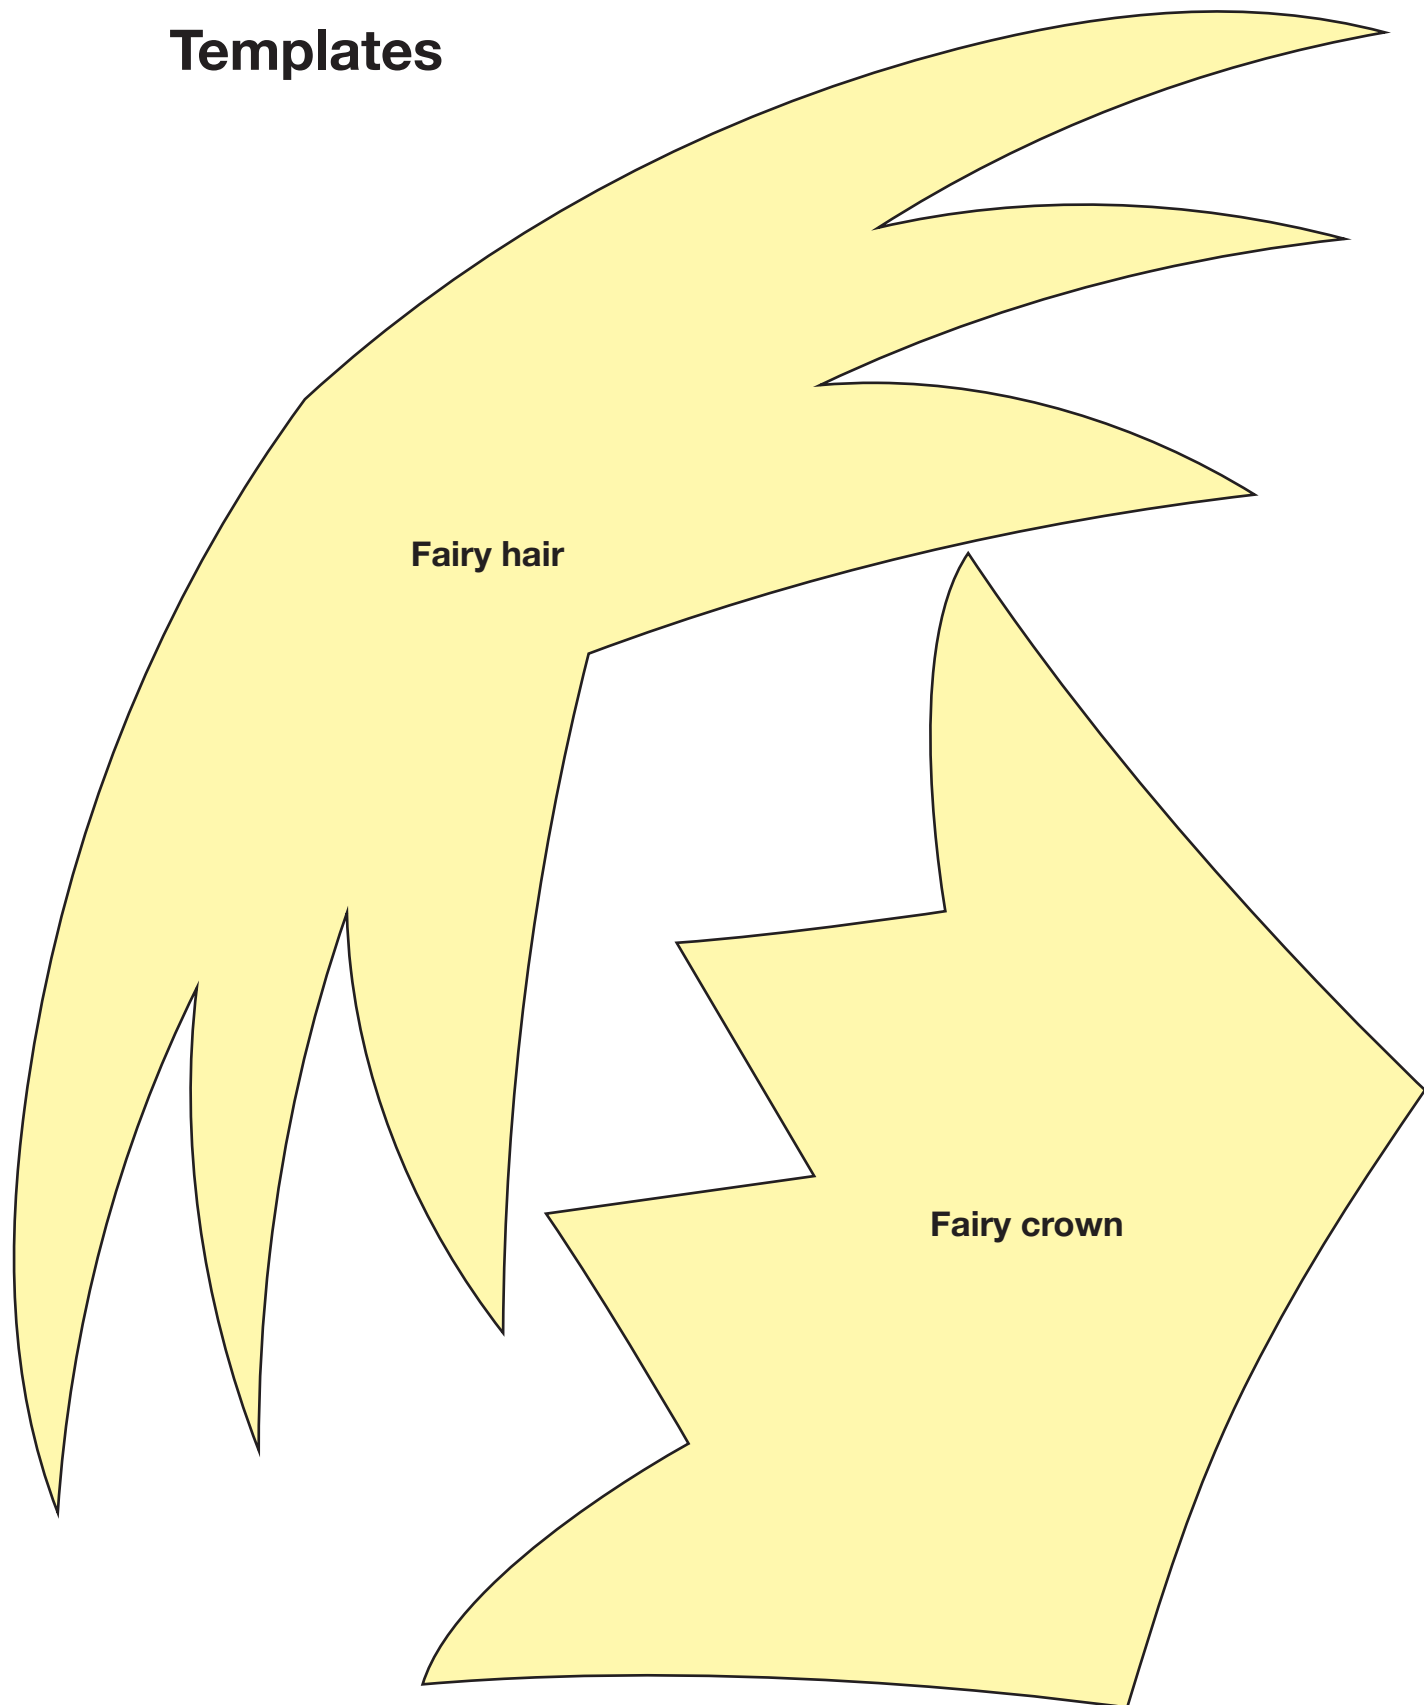

How to make Santa:

- 1 Cut out the Santa shapes from red and white card. The templates you'll need are provided on pages 5 and 6 of this how-to guide.
- 2 Outline the hat with a black felt-tip. This step is optional but it helps to define the hat's shape and make the prop 'pop'!
