EASY-TO-MAKE...

RAMADAN MOBILES

A simple but effective paper craft

You will need:

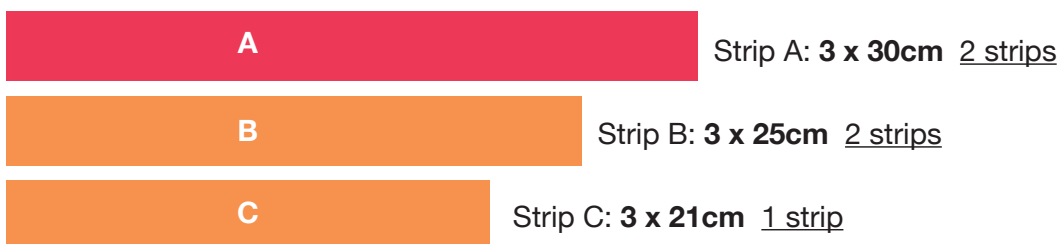

- Coloured card
- Gold or silver star stickers
- A length of yarn to hang the decoration

Other things you'll need:

- Scissors and ruler
- A stapler
- Hole punch

How to make it:

- 1 Begin by cutting five strips of coloured card. Use two different colours or more for a striking effect. The strips will need to be of varying lengths. Use the diagram below as a guide.

- 2 Stack the strips as follows: Strip A, strip B, strip C, strip B, strip A. Make sure all the strips are aligned at one end, then staple them together about 3-4cm from the end.

← **Staple together here**

- 3 Next, carefully align the other ends of the strips and staple together as before. This will create the mobile's distinctive shape.
- 4 Decorate the mobile with gold or silver star stickers.
- 5 Finish by punching a hole at the top of the mobile and tying on a length of yarn to hang.
