The initial geographic focus of activity has been in Popley, developing into work within South Ham.</p> <p>A thematic approach is being taken by the individual Priority Action Groups of BASP (Children, Community Safety, Health, Housing, Skills and Employability) implementing their action plans. In 2010/11 they are looking, through the current review of the Sustainable Community Strategy, to join up, to target priority areas.</p> <p>In addition the cross-cutting Multi-Agency Diversity Forum shares information across partners on priorities, needs and issues within the wide range of BME communities in the borough.</p> <p>2) Each PAG has identified relevant LAA targets within their priorities and work plan (such as for NEETs, crime and anti social behaviour, affordable homes, and employment and skills levels) and provides regular updates through the BASP reporting framework to focus on delivery.</p>

<p>Timescale (What is the anticipated period over which the money will be spent?)</p>	<p>Commencement Date: 1 April 2010; Completion Date: 31 March 2011</p>
<p>Intended Outcomes (How will the success of the bid/project be measured?)</p>	<p>A co-ordinated approach that fosters more effective partnership working:</p> <ol style="list-style-type: none"> 1) Stronger community involvement and influence: <ul style="list-style-type: none"> ▪ involvement of community interest groups through a firmly established Community Network that is able to influence strategic planning ▪ locality based issues being considered by partners through a co-ordinated approach to parish and neighbourhood plans. 2) Clear partnership work focus and governance for: <ul style="list-style-type: none"> ▪ Children and young people ▪ Older people <p>that supports local outcomes, and links to county structures.</p> 3) Better understanding of, and developing <i>joint actions</i> to address: <ul style="list-style-type: none"> ▪ equality / inclusion issues, and co-ordinating appropriate response (e.g. approach to travellers), ▪ sustainable development (e.g. currently consulting on information needs, and suggested local actions on climate change) 4) Clear partnership work focus including relevant LAA targets to deliver a revised Sustainable Community Strategy (SCS).
