Summary of the response to consultation and the proposed changes to library opening hours

Consultation ran from 29 September to 28 December 2011. Over 5500 responses were received from customers, public, staff, parish, town and county councillors. All responses were considered and the comments taken into account during the review at the end of the consultation period.

Consultation proposed changes to the opening hours for 37 of the 53 libraries within Hampshire. Based on the response received during consultation alterations were made to the proposed changes for 26 of these 37 libraries (70%).

This document provides a summary of feedback received and the proposed changes to opening hours, including alterations, for each library or Discovery Centre. The libraries are grouped by District. The table below gives the page number for the summary for each library.

Comments			
Based on customer feedback the Tuesday morning has been reinstated and the library will retain its 9.30 start rather than the proposed 9.00. Closing on Saturday afternoon instead to achieve the savings was considered but decided against as we did not consult on this option. The issue figures indicate that the library is relatively busy on Saturday afternoons (23 borrowers per hour before 1pm, 18 borrowers per hour after 1pm) and it is located next to a major supermarket. Other efficiencies have been identified as part of the consultation.

Comments			
In the original consultation, although the majority disagreed there were no alternatives suggested. However there was no support for Thursday opening in order to increase the number of sessions per week and on Friday mornings customers also attend the market. The revised solution adds an hour back addressing to some extent comments received on the relative size of the proposed cut here and now meets the 20 hour target for neighbourhood libraries. Feedback from consultation on the revised proposal was very positive so this will go forward for approval.

Feedback			
A significant 83% of those responding disagreed with proposals, of whom 35% wanted to keep current hours, 27% wanted to keep Monday opening and 32% wanted to keep the late night. There was no consensus on how to achieve this, but suggestions included opening at 10 instead of 9.30, closing lunchtimes and having two half days. The staff justification for retaining Monday opening suggests that Monday is the busiest day of the week with regards to footfall. Gosport Borough Council expressed their concern at losing the late night.

A campaign by staff at Elson has resulted in increases in usage both in terms of the number of visits to the library and in the number of items borrowed. Based on this and in line with customer and staff feedback the current opening hours will be retained to enable the project to develop further. Savings required will be found elsewhere as there is no capacity to make efficiencies at Elson.
