

REPORT OF THE
Executive Member for Environment and Transport
PART II

265. A AND B ROAD SPEED LIMIT REVIEW

1. On the 17 January 2012, the Executive Member for Environment and Transport approved proposals to implement the main programme of speed limit changes.

2. The review took place in 2011 and was a request to all Highway Authorities by the Department for Transport. It enabled the County Council to ensure that roads across Hampshire provided drivers with clear messages regarding the appropriate speed and driving style required for the highway.

3. The review relied on an extensive evidence base, including accident data, road development plans and traffic speed information. There shall be further consultation with Town and Parish Councils in developing the plan and the County Council look forward to making Hampshire's roads safer for all.

4. Further details can be found at www.hants.gov.uk/councilmeetings.htm by typing in the relevant reference number:
