#### 1. The decision:

- 1.1 That Cabinet note the progress to date in developing the Joint Health and Wellbeing Strategy
- 1.2 That Cabinet agree the Strategy so that it can be endorsed by Hampshire Health and Wellbeing Board in July 2013
- 1.3 That the Joint Health and Wellbeing Strategy be sent to each Executive Member and Chief Officer for them to advise on actions they will take to support the delivery of the Strategy outcomes
- 1.4 That discussions are undertaken with the Head of Corporate Performance and Communications to explore how the Strategy outcomes can be integrated into the County Council's performance framework.
- 1.5 That a Delivery Plan be produced at an early stage and brought to Cabinet for review.
- 1.6 That the Cabinet receive a presentation on the Joint Strategic Needs Assessment to a future meeting.

#### 2. Reasons for the decision:

- 2.1. The County Council has a unique leadership role to facilitate a change through the Hampshire Health and Wellbeing Board. Hampshire is a place where the demand for services is increasing. To ensure services are sustainable requires taking action to prevent the rise in preventable ill health and providing efficient and effective treatment, care and support services for those in need.

2.2. The complexity of the need of people using services is growing due to the ageing population and more people living with long term conditions and preventable ill health. Meeting these challenges requires reducing duplication of effort and using new evidence based approaches to support vulnerable people, particularly frail older people, including people with dementia and people with learning disabilities. There are significant opportunities to jointly commissioning services to drive up quality and reduce costs.
