

Policy and Resources Select Committee

Corporate Policy Projects

Paul Archer
Director – Policy and Governance

Working With Communities

- Corporate Workstream attempting to:
 - improve community outcomes, resilience, and access to (right) services
 - reduce demand and cost for (high cost) services
- Public Sector Transformation Network – Havant, Test Valley
- Troubled Families, Domiciliary Care

Partnership Working

- Key to continued delivery of high quality public services
- Good track record but room for improvement
- Priority area for the Leader/Cabinet
- Public and Private Sector partners
- Voluntary and Community Sector

Voluntary Sector

- Improving relationships and joint working
- Better (earlier) engagement and understanding
- Not all about 'contracts', influence and involvement also key
- Review of CVS & CAH models

Public Health

- Helping to optimise the integration opportunities across the Council
- Ensuring Public Health evidence base (JSNA) is used to best effect
- Maximising staff input and influence on major work programmes e.g. Troubled Families
- Looking to widen the Equalities and Diversity monitoring to capture Health impacts (and opportunities)

Community Safety/P&CC

- Improving joint understanding of work programmes and priorities
- Working together regarding the development of policy ideas and priorities
- Working (seamlessly) with partners e.g. Health
- Looking to improve outcomes and best use of reducing resources
