1. Summary

1.1 The purpose of this report is to recommend the rate for Harbour Dues for 2014.

2. Background

2.1 There was no overall increase in Harbour Dues for 2013. The approved budget for 2013/14 shows a projected £25,500 surplus although it is anticipated that over half of this is likely to be spent on the newly acquired responsibility for clearing seaweed from Warsash slipway. RPI currently stands at 3.1% and CPI at 2.7% (figures for May 2013). Hampshire County Council employees have been awarded a 1% pay rise, effective from 1 April 2013. The salary increase will add about £3650 to the annual expenditure budget.

3. Proposal

3.1. It is anticipated that overall Harbour Authority revenue expenditure, excluding salaries, will increase broadly in line with CPI and that any further salary increase in April 2014 is likely to be lower than CPI. It is therefore proposed that Harbour Dues for 2014 be increased by 1% (ie in line with the 2013/14 salary increase), with other inflation costs being offset against projected surpluses.

3.2. The Harbour Dues proposed are shown in the table below. The proposed 1% increase has been rounded down to the nearest 10p. It should be noted that the Dues as shown are inclusive of VAT at 20% and that rates are per metre of length overall (LOA), or part thereof.

Type of Mooring	Dues for 2013 (inc VAT at 20%)	Dues for 2014 (inc VAT at 20%)
Mid-stream moorings - Resident	£17.45	£17.60 (rounded down from £17.62)
Marina/dry sailors (basic rate)	£15.86	£16.00 (rounded down from £16.02)
Mid-stream moorings - Commercial	£15.86	£16.00 (rounded down from £16.02)

4. Recommendation

- 4.1 It is recommended that the River Hamble Harbour Management Committee advises the River Hamble Harbour Board to increase Harbour Dues for 2014 by just under 1 per cent, as set out in the table above.**
