#### 1. Executive Summary

- 1.1. This report seeks approval from the Executive Member for Culture, Recreation and Countryside for £49,985 of grants to organisations encouraging and providing opportunities for individuals and communities to benefit from a project, activity or event to commemorate the Centenary of the First World War and/or the 70<sup>th</sup> Anniversary of D-Day.

#### 2. Contextual Information

- 2.1. In October 2012 the Government announced that it would be supporting a series of national commemorative events to mark four key anniversaries in 2014-18, as well as a wider commemorative programme for which over £50 million has been committed. A national advisory group has been set up by Culture Secretary, the Rt. Hon Maria Miller MP, to oversee the delivery of the national programme, which is being led by the Imperial War Museums and partners.
- 2.2. Hampshire County Council has committed to the delivery of a programme of commemorations in 2014 to mark both the centenary of the outbreak of the First World War and the 70<sup>th</sup> Anniversary of D-Day, in recognition of the fact that it is likely to be the last major anniversary with living links.
- 2.3. A part-time Coordinator has been seconded into a temporary role to support a Members Group who will oversee the overall delivery of the programme and ensure it remains appropriate to the commemoration theme. The Members Group consists of Councillor C Carter and Councillor D Simpson,

appointed by the Executive Member for Culture, Recreation and Countryside.

- 2.4. On 21 February 2013 the Full Council met to agree the budget for 2013/14. At this meeting the allocation of £100,000 from the Leader's Special Grants Budget, to support commemorative initiatives, was approved.
- 2.5. At his Decision Day on 31 July 2013, the Executive Member agreed the breakdown of the £100,000 budget, to include £50,000 for a grant scheme to support community led projects, £10,000 to support the delivery of a schools engagement programme and £40,000 reserved funding to support Hampshire County Council led projects.
- 2.6. The framework for the grant scheme to support community led commemorative initiatives, was approved at the Executive Member Decision Day on 25 September 2013.

### **3. Grant Scheme Overview**

- 3.1. The 'Hampshire Commemorates: First World War and D-Day' grant scheme was launched on 26 September and closed to applications on 01 December 2013. Applications were administered through the Corporate Grants Database, following the same method used for other CCBS Grants.
- 3.2. Grants are to be awarded between £200 and £2,000, to fund up to 50% of total project costs. Applicants are therefore required to seek match funding for projects.
- 3.3. All applications to the scheme are required to meet an agreed set of priorities and criteria. These are set out in full in Appendix 1, along with the eligibility to the scheme.

### **4. Grant Application Assessment**

- 4.1. Applications have been received from over 60 organisations, with a total grant request of over £87,000. Details of all applications are summarised in Appendix 2A-C.
- 4.2. Each application has been assessed by the Members Group against the scheme priorities and criteria. A summary of the recommendation for each application can be found in Appendix 2A-C.
- 4.3. Due to the high volume of applications received, and the high proportion of those meeting the priorities and criteria, a recommended contribution to the project has been proposed. In most cases the amount recommended is less than the amount of funding requested by the applicant.

## 5. Summary of Grants

- 6.1. It is recommended that two standard conditions be attached to all relevant grant awards:

  - b) Applications for funding that include events, performances or exhibitions, will be required to issue an invitation for the local County Councillor to attend.

Grants available to groups and organisations encouraging and providing opportunities for individuals and communities to benefit from a project, activity or event to commemorate the Centenary of the First World War and/or the 70<sup>th</sup> Anniversary of D-Day.

Projects, activities and events funded by this grant must support the following priorities:

- Benefit Hampshire residents and communities.
- Provide an opportunity for people to learn about their own and other people's heritage in relation to WWI and/or D-Day.
- Help more people, and a wider range of people, to take part in WWI and D-Day commemoration activities.
- Be conducted in a way that is appropriate to the commemoration theme.

### **When to apply**

The grant stream will open on 26 September 2013.

<b>Deadline for applications</b>	<b>Decision date</b>
01 December 2013	20 January 2013

### **Grant criteria and eligibility**

The Scheme will fund organisations that fulfil the following criteria:

- The projects, activities or events of the organisation support the priorities detailed above.
- The organisation has a clear management structure within its constitution or suitable governance/terms of reference.
- The organisation must be able to demonstrate that without the support from Hampshire County Council the project, activity or event would not be able to proceed at all or to the extent outlined in the application.
- Organisations with significant funds in place or higher levels of reserves must demonstrate why funding from Hampshire County Council is needed.

- The organisation must have actively sought funding from other sources. Funding will only be given to applications with partner funding in place from other sources.
- All successful applicants will be required to provide appropriate reporting and/or monitoring for their projects and/or activities; applicants completing research projects must submit a full copy of their findings.

### **Funding criteria**

Grants between £200 and £2,000 will be available, to fund up to 50% of total project costs.

### **Financial Eligibility**

Organisations will not normally be eligible for grants where they hold unallocated reserves in excess of one year's running costs. In cases where reserves held exceed this level a reduced level of funding may be agreed. All charitable organisations are expected to have an agreed reserves policy that addresses their financial risk.

### **What is funded**

Any project, activity or event that delivers results against the priorities set out above, specifically to provide opportunities to:

- Remember those who lost their lives during WWI or WWII
- Understand the impact of WWI and D-Day on Hampshire communities
- Make WWI and D-Day relevant to new audiences through personal connections to the war and its impacts

### **What isn't funded**

- Individuals
- Setting up an organisation
- General running costs of an organisation
- Profit making events/activities
- Projects or activities solely within the unitary authority areas of Portsmouth City Council and Southampton City Council.

Please note we cannot retrospectively fund works or projects that have already been carried out. Grants are issued for works or projects to be carried out in the future.

## Hampshire Commemorates: First World War &amp; D-Day Grant – Application Assessment Summary

APPLICATIONS FOR PROJECTS TO COMMEMORATE THE FIRST WORLD WAR					
Organisation	Project Description	Recommendation Summary*	Total Project Cost	Amount Requested	Amount Recommended*
2D3D South Contemporary Art	<i>Waiting in the Wings of War</i> - an exhibition of original artworks inspired by the commemoration of the First World War, to be held at The Royal Green Jackets Museum in Winchester in July 2014 and the Spring Arts Centre in Havant in November 2014. Funding to be used towards mounting work for exhibition, promotion and holding a private viewing for invited individuals.	It is acknowledged that this art project will provide an alternative to the traditional exhibition, allowing visitors to engage with the commemorations in a different way. A large proportion of the project costs are to provide a private viewing that is considered to have limited potential to achieve some of the key priorities of the scheme. <b>It is therefore recommended that this project is not funded.</b>	£ 961.00	£ 600.00	£ -
93.7 Express FM	<i>Commemorating 100 years</i> – a project to record over four years of 'on this day,' both locally and worldwide audio, and how it affected residents and streets. The outcome will be made available online. Funding to be used towards equipment and an officer to manage the project.	This project has great potential to reach a wide audience that may not otherwise engage in the commemorations, and make it relevant to them by linking to the street they live on. It will provide output to cover the entire 2014-18 period and is therefore good value for money for what can potentially be achieved. <b>It is recommended that 50% of the total project cost be awarded.</b>	£ 2,000.00	£ 2,000.00	£ 1,000.00
Abbotts Ann Parish Council	A portable temporary exhibition describing the experiences of men and women who took part in the First World War and how Abbotts Ann was affected. Funding to be used towards display material, research, and web storage.	This community project will help parishioners, including local school children, to engage in the commemorations and understand the impact of war on their local area. It is felt that the costs associated with 'Museum Search Fees' could be reduced, as much of this could be achieved using the free facilities at local libraries and the Hampshire Record Office. <b>It is therefore recommended that a 15% contribution towards this cost element be awarded, and 50% of the remaining costs.</b> <i>Cllr Gibson has been consulted.</i>	£ 1,150.00	£ 575.00	£ 435.00
Andover Town Council	Recreation of the football match between the Germans and British, Christmas 1914, to engage local football clubs and schools in the commemorations. Funding to be used towards the cost of running the event including commemorative certificates.	This project has great potential to engage a wide audience, including young people that may not otherwise engage in the commemorations. <b>It is recommended that 50% of the total project cost be awarded. It is also recommended that the organisation be encouraged to record the event.</b> <i>Cllr Rolt has been consulted.</i>	£ 1,000.00	£ 800.00	£ 500.00
Basingstoke & Deane Over 55s Forum	Project to send a packet of poppy seeds to all members (600) to sow in a suitable location. A 4 day coach trip to War Graves and a video of the trip to be shared with schools and other organisations.	Providing a contribution towards a trip abroad for a group of individuals is not felt to be appropriate to fund through the grant scheme. Providing poppies to all Forum members will allow them to make a personal contribution to the commemorations. <b>It is recommended that this aspect of the project be funded in full.</b> <i>Cllrs for the Basingstoke and Deane area have been consulted.</i>	£17,535.00	£ 2,000.00	£ 480.00
Bay House School and Sixth Form	Project to provide a group of young people from Gosport the opportunity to commemorate the centenary of the Gallipoli Campaign by travelling to Turkey. This is part of an international project in which Bay House was chosen as one of four schools across the country to take part.	Providing a contribution towards a trip abroad for a group of individuals is not felt to be appropriate to fund through the grant scheme. <b>It is recommended that this project is not funded.</b> <i>Cllr Edgar has been consulted.</i>	£ 10,000.00	£ 2,000.00	£ -
Burley Living History	<i>Burley Secrets in Stone</i> – project to research all the names shown on the War Memorial in Burley, initially those connected with the First World War. A book and website will be produced to show the findings of the research. Funding to be used for research costs, the production, writing and publishing of the book.	This community project will help parishioners to engage in the commemorations. The output is likely to benefit a small audience; however it will provide a permanent record. Many of the costs quoted are high and potentially unnecessary (e.g. the cost associated with research via internet genealogy, as this can be accessed free from libraries or the Hampshire Record Office; the cost associated with the production of a booklet for schools, as this may be more appropriate as downloadable resources). <b>It is recommended that a contribution of</b>	£ 3,500.00	£ 2,000.00	£ 525.00

		<b>15% of project costs be awarded.</b> <i>Cllr Mans has been consulted.</i>			
Clanfield Parish Institute	Project to construct a War Memorial and Memorial Garden in the grounds of the Memorial Hall, which has been the social centre for Clanfield village for almost 100 years and the focal point for Memorial Services. The new memorial and garden will allow a place for parishioners to lay wreaths and personal tributes. Students from Horndean Technology College will be involved in completing this work.	This project will provide a lasting memorial that will benefit the community in the future and compliment existing facilities available in the Parish. It will also seek involvement of the local community and will engage young people in its construction. <b>It is recommended that £1,000 be awarded, to match the contribution of the Parish Council.</b> <i>Cllr Clarke has been consulted and has expressed support for the project.</i>	£ 12,000.00	£ 2,000.00	£ 1,000.00
Colden Common Community Association	Project to organise the planting of poppies in and around the village and hold an exhibition of local First World War history and villager's personal memorabilia for a week in August 2014. A lasting record will be provided to all via DVD. Funding to be used towards the hire of a rotivator, poppy seeds, and exhibition costs.	Through the research and exhibition this community project will help to share the impact of war on the local area. The poppy planting will also help to involve members of the community that may not otherwise engage in the commemorations; however it was not felt that rotivator hire for this purpose should be funded through the scheme. <b>It is recommended that a contribution of 25% of project costs be awarded.</b> <i>Note: For 2013/14 the organisation has been awarded: £4,500 from the CCBS Culture and Community Activity Grant towards a Community Café project and £11,055 from the CCBS Community Buildings Capital Fund.</i> <i>Cllr Humby has been consulted.</i>	£ 1,583.68	£ 984.00	£ 395.00
Debt of Honour: Winchester's First World War Dead	Project to research and compile a book to commemorate the 459 men who are listed in the Winchester War Service Register (1921) as missing, killed or deceased. Funding to be used towards research costs.	This is a valuable project that will provide a permanent record about Winchester's contribution to the war. The costs quoted are all associated with researcher's expenses and there is little evidence on the application form of the final format of the research output. <b>It is recommended that a contribution of 25% of project costs be awarded in recognition of the value of the research, on the condition that the research output is made available online.</b>	£ 909.95	£ 909.95	£ 225.00
East Boldre Village Hall	Project to hold a centenary commemoration event in the Village Hall, which was the Officers mess for the First World War airfield. This will include updating the existing material held in the hall, printing recently discovered photographs, preparing an editorial presentation of memoirs and developing a walking tour of the airfield.	This community event will help raise awareness of the unique contribution of the area to the war and it has potential to involve members of the community that may not otherwise engage in the commemorations. <b>It is recommended that £1,000 be awarded, to match the funds committed by the organisation.</b> <i>Cllr Thornber has been consulted and has expressed strong support for the project.</i>	£ 5,550.00	£ 2,000.00	£ 1,000.00
Farnborough Air Sciences Trust	Project to highlight the role that the Hampshire based Royal Aircraft Factory, Farnborough, and its workers played in the development of aviation in the First World War. The museum has limited space and this project is to make use of new touch screen technology to be able to add the necessary depth and breadth of the RAE/ Factory aviation research and development of the aircraft and people.	This will be an important project to share part of Hampshire's unique contribution to the war. The exhibition will be available for all visitors to the museum, which is free to enter and attracts many school groups and youth organisations. <b>As the organisation has funds available that could be used towards this project, it is recommended that a contribution of 25% of the total project cost be awarded in recognition of its overall value.</b> <i>Cllr Wall has been consulted and has expressed support for the project.</i>	£ 6,400.00	£ 1,800.00	£ 1,600.00
Friends of Royal Victoria Country Park	Project to design and create a 1.8m metal sculpture of poppies and leaves emerging from the ground. This will benefit a school engagement project being held at the Park, where children will be looking at war poetry (e.g. the work of Wilfred Owen, who was a patient at the military hospital) to come up with poems and artwork. It is proposed that a selection of the young people's words will be etched onto the poppy leaves for all visiting the Park to see. Funding to be used towards the design and creation of the sculpture.	This project will provide a lasting tribute that will be accessible to all visitors to the Country Park, many of which may not otherwise engage in the commemorations. It will also help to highlight the local connection of the Royal Victoria Military Hospital to the war. <b>It is recommended that the maximum contribution be awarded towards the design and implementation of the sculpture.</b> <i>Cllr House has been consulted.</i>	£ 10,750.00	£ 2,000.00	£ 2,000.00

Hartley Wintney Parish Council	Public exhibition to be held in August 2014 on the impact of the First World War on Hartley Wintney and its local community. Local schools will work with the history group to complete the research and prepare the exhibition. Funding to be used towards research and exhibition costs.	This project will help the community understand the impact of war on the local area, including the local schools. The exhibition materials will also be shared around multiple venues following the main exhibition. <b>It is recommended that 50% of the total project cost be awarded.</b>	£ 500.00	£ 250.00	£ 250.00
Horndean Parish Council	Project to replace the statue on the existing War Memorial to commemorate the centenary of the outbreak of the Great War. The statue was removed in 1964 when it was deemed to be unsafe and its replacement has been an aspiration of the Parish for some time. There is a lot of local support for the project and activities/events will be planned to engage the wider community.	This project has strong support from the local community and will provide an addition to the memorial which is a focal point for many community events. The applicant has sought funding contributions from a wide variety of sources and will be providing a considerable contribution itself. <b>It is therefore recommended that the maximum contribution be awarded.</b> <i>Cllr Harvey has been consulted.</i>	£ 55,000.00	£ 2,000.00	£ 2,000.00
New Theatre Royal, Portsmouth	Project with Crofton School, Stubbington, creating a performance, '37 million', inspired by a visit to the National Theatre's production of "War Horse" at The Mayflower, Southampton. Funding to be used towards the cost of creative workshops and final presentations.	This project presents a great opportunity for young people to engage in the commemorations and learn new skills. Some cost elements associated with the project were considered unsuitable for funding through this grant scheme. <b>It is therefore recommended that 50% of the remaining costs be awarded.</b>	£ 3,240.00	£ 1,000.00	£ 800.00
North Waltham Parish Council	Project to install a bench by the village pond with a First World War commemorative inscription. An unveiling event will be held to engage the community in the project.	This project will provide a lasting memorial in an area visited by many members of the community, including those who may not otherwise engage in the commemorations. The community will be further engaged in the project through an event at the site. <b>It is recommended that 50% of the total project cost be awarded.</b> <i>Note: For 2013/14 the organisation has been awarded £500 from County Councillor grants for a village pond.</i> <i>Cllr McNair Scott has been consulted.</i>	£ 650.00	£ 325.00	£325.00
Otterbourne Parish Council	Project to record the contribution made by the residents of Otterbourne and Allbrook Parish Councils, as inscribed on the War Memorial, to provide a permanent historical record. Research into military, family and village background will be carried out by volunteers. The information will be made available via an exhibition, online and possibly printed material. The project will also seek to engage the local Primary School.	This project will help the community understand the impact of war on the local area and provide a permanent research output. <b>It is recommended that 50% of the total project cost be awarded.</b> <i>Cllr Bailey has been consulted.</i>	£ 600.00	£ 300.00	£ 300.00
Park Community Ventures Charity	<i>A moment in time</i> – project for young people from Park Community School to create a powerful visualisation/memorial of the impact and enormity of the Great War on Havant. This will be constructed and displayed for a week at Staunton Country Park for all to see. Funding to be used towards costs to supervise the project, materials for producing visualisation, and booklet and DVD to record the outcome of the research.	This project presents a great opportunity for young people to engage in the commemorations and understand the impact of war. As it will be displayed at the Country Park it will also allow visitors, who may not otherwise engage in the commemorations, to benefit. <b>It is recommended that 50% of the total project cost be awarded on the condition that the project is promoted widely to encourage the local community to attend.</b> <i>Note: For 2013/14 the organisation has been awarded £1,000 from County Councillor grants for an Assistance Fund.</i> <i>Cllr Finch and Cllr Fairhurst have been consulted. Cllr Fairhurst has expressed strong support for the project.</i>	£ 4,000.00	£ 2,000.00	£ 2,000.00
Penton Mewsey Parish Council	<i>'Penton's Heroes'</i> will be a community history play performed by The Penton Players in the Village Hall to commemorate those men from The Pentons whose names are inscribed on the Great War Memorial.	This project will help the community understand the impact of war on the local area, in a format that will attract those who may not otherwise engage in the commemorations. <b>As over half the project costs are towards Director fees, it is recommended that a contribution of 25% of the total project cost be awarded.</b> <i>Note: For 2013/14 the organisation has been awarded £464 from County Councillor grants for the Newbury Hill Planting Scheme.</i> <i>Cllr West has been consulted.</i>	£ 2,593.00	£ 1,000.00	£ 650.00
Petersfield	<i>Gone but not Forgotten</i> – project to produce a pilot heritage and	This project will involve a wide audience, including young people that	£ 28,800.00	£ 2,000.00	£ 1,000.00

Museum Limited	dance event engaging with local dance companies, researchers, schools and community groups to commemorate the start of the First World War. Participants and artists will work with researchers to come up with a unique story from the Petersfield/East Hampshire area that can be used to inspire the dance performance pieces due to be shown at an outdoor event in Petersfield in July 2014.	may not otherwise engage in the commemorations. It will also help to share a unique story based on a local connection to the war. <b>As this is a large project, that has potential to seek funding from a vast number of sources, it is recommended that a £1,000 contribution be awarded.</b> <i>Note: An application has also been made by the partner organisation to this project, The Hampshire Dance Trust, to the CCBS Culture and Community Activity Grant. A £2,000 contribution has been recommended for the Executive Member Decision Day on 20 January 2014. <b>If the Activity Grant is awarded it is recommended that a contribution from the Hampshire Commemorates scheme is not offered.</b></i> <i>Cllr Clarke has been consulted (interest declared).</i>			
Romsey Agricultural and Horse Show Society	Project to put on displays and activities at the Romsey Show in September 2014, that reflect the role of Romsey and Broadlands in the First World War - namely as a major horse re-mount centre and base for Canadian troops. It will include a community project for people to display their artefacts, and an education project, where local schools will be encouraged to highlight connections between their schools, agriculture, horses and countryside now and in 1914-18.	This project will help contribute to a much larger well established event. It involves educational elements, sharing local connections to the war, as well as opportunities for the community to contribute. The show itself allows entry by ticket only, however the huge numbers attending the show, and the wide audience it attracts, including families and young people, ensure there is great potential to engage a varied audience in the commemorations. <b>It is recommended that the maximum contribution be awarded.</b> <i>Cllr Perry has been consulted (interest declared).</i>	£ 20,000.00	£ 2,000.00	£ 2,000.00
Spring Arts & Heritage Centre	<i>Havant Remembers</i> - a series of events across 2014 to commemorate the First World War and its impact on Havant residents including a War Memorial photography exhibition, book of remembrance, heritage open day and workshops and education packs for Havant schools.	Due to the range of activities proposed it is anticipated that the programme will help a wide audience, including schools, to engage in the commemorations and learn about the role of the local area in the war. <b>It is recommended that the maximum contribution be awarded.</b> <i>Note: For 2013/14 the organisation has been awarded £1,900 from three County Councillor grants. The organisation has applied to the CCBS Culture and Recreation Investment fund for 2013/14 and 2014/15 and was awarded £115,700 and £113,390 respectively towards general running costs. An application for £4,154, to the Adult Services Annual Grant Programme, will be considered on 24 January 2014 by the Executive Member for Adult Services. This is for a project to inspire and build skills of homeless people living in Havant and Waterlooville.</i> <i>Cllr Bolton has been consulted.</i>	£ 17,900.00	£ 2,000.00	£ 2,000.00
Swanmore Society	<i>Swanmore Remembers</i> – project to provide a community exhibition of photos, written material, DVDs and memorabilia of villagers who died or returned from the First World War. It will also cover changes to the local community set in a national framework. Exhibition material is being created in conjunction with the local school and college.	This project will help the community understand the impact of war on the local area and includes strong community engagement including schools. <b>It is recommended that 50% of the total project cost be awarded.</b> <i>Cllr Huxstep has been consulted and has expressed strong support for the project.</i>	£ 706.00	£ 406.00	£ 355.00
Titchfield Festival Theatre	Project to hold a season of First World War themed plays and activities, starting with a play performed by the Titchfield Youth Theatre. Working with Titchfield Historical Society there will also be exhibitions to show the effect of the war on the Titchfield/Fareham area which will be on display at the performances and also touring a number of venues in the area. A poetry competition will also be held. Funding is sought predominately to help towards the cost of the exhibition.	This project will help a wide audience engage in the commemorations, including young people. The touring exhibition will also help to show the local connection to the war. <b>It is recommended that a 50% contribution towards exhibition costs be awarded and a £1,000 contribution to the performance costs, to equal the contribution made by the applicant.</b> <i>Note: The organisation has applied to the CCBS Community Buildings Capital Fund for 2013/14 for £25,000 towards a community and rehearsal space. This application will be considered at the Executive</i>	£ 9,900.00	£ 2,000.00	£ 1,500.00

		<i>Member Decision Day on 20 January 2014. Cllr Hockley has been consulted.</i>			
Twyford History Society	Project to research into the local family, village and military history of Twyford 100 years ago, focussing on the 29 First World War casualties on the village war memorial and the other 4 in the churchyard. The research will be published initially in the parish magazine, and later as a consolidated booklet and on the parish website. The information will be further disseminated as appropriate, particularly to local schools, through talks, meetings, presentations and possibly an exhibition.	The project output will provide an important record about the local contribution to the war. Circulating this to all parishioners via the Parish Magazine will ensure a wide audience will benefit when compared to a specific publication on the topic.
