1. The decision:

- a) That the Executive Member for Adult Social Care and Public Health give approval to extend the current agreement by Single Tender Approval for provision of Genito-Urinary Medicine (GUM) services with Frimley Park Hospital NHS Foundation Trust (FPH FT) to April 2016 with a maximum contract value of £1,390,000

2. Reason(s) for the decision:

- 2.1. Local Authorities are mandated to ensure that there are comprehensive, open access sexually transmitted infection testing and treatment services for their population.
- 2.2. Putting in place a single tender approval for a 24 month extension to existing contract arrangements with FPH for GUM services provides the opportunity to robustly manage the contract.
- 2.3. To ensure that future service developments are commissioner led.

3. Other options considered and rejected:

- 3.1. To not put a contract in place with Frimley Park Hospital NHS Foundation Trust for Genito-Urinary (GUM) services and pay for Hampshire residents seen as non-contracted activity. However, this would lose control over the quality of service delivered.

4. Conflicts of interest:

- 4.1. Conflicts of interest declared by the decision-maker: None

4.2. Conflicts of interest declared by other Executive Members consulted: None

5. **Dispensation granted by the Conduct Advisory Panel:** none.

6. **Reason(s) for the matter being dealt with if urgent:** not applicable.
