Real-time Scrutiny - to scrutinise light-touch items agreed by the Committee, through working groups or items at formal meetings.							
Corporate Efficiency workstreams 2013/14 – planning for 2015	To consider planning to prepare for anticipated further reductions in central government funding from 2015.	Members identified from consideration of the budget in January 2013 that further corporate workstreams were due to be developed in 2013.	Presentation received July 2013 on priority corporate policy areas. Chairman to work with Director of Policy & Governance to identify areas with potential for future scrutiny. Item on joint working with communities received at April 2014 meeting. Update due to July 2014 meeting.	✓			
Consultation Policy	Whether improvements could be made to how the County Council engages with the public.	Members were aware of examples of consultations that had not been well received by the public, and wanted to review corporate guidance on consultations.	Briefing received to April 2012 meeting on corporate work undertaken to consolidate guidance on consultation. Update received April 2013 on progress, including Borough Transport consultation as an example. (April 2013 request that future update include developments in use of social media as an engagement tool). New Schools Parking Provision	To consider the Council's policy in relation to parking provision outside schools.	Members were aware of examples from their areas of difficulties experienced when parents drop off children to school.	Chairman of Environment & Transportation Select Committee attended a working group led by the ETE Department on this in late 2012 and gave a verbal update to this committee Jan 2013. Further update could be fed back if the working group continues in the new administration.				
Public Health	How public health priorities have been integrated into the wider work of the County Council.	In January 2013 Members noted that the Public Health budget comes within the Policy & Resources budget heading, and wished to understand more about the role of public health once it became a function of the County Council (in April 2013).	At the April 2013 meeting of the Select Committee Members recommended that the Cabinet formed after the May 2013 election include an Executive Member whose remit included public health. There is now an Executive Member for Social Care & Public Health. Planning to scrutinise this topic needs to take account of the role of the Health & Adult Social Care Committee in scrutinising health issues.

In 2011 the committee considered the County Council's sickness absence policy. Update in October 2012 on developments to the policy. July 2013 members requested to receive quarterly updates on performance against sickness absence targets. Item received Oct 2013 – confirmed further updates only required if absence falls below previous years for 3 consecutive months.				
Collation of Annual Report of Select Committee activity	To support oversight of the scrutiny function, and the role of this committee to ensure scrutiny activity is having impact and being evaluated.	The constitution requires that this committee report to full Council annually providing a summary of the activity of the select committees	In recent years this has been prepared by financial year. The report for 2013/14 was approved by the Select Committee in April 2014, and reported to full Council in July 2014. July 2013 members requested in future the annual report focus on evaluating the effectiveness of the scrutiny undertaken over the past year.				✓
