Dear Sharyn

Economy Transport & Environment Select Committee Highways task & finish working groups' recommendations, endorsed by the Select Committee on 20th January 2015

I am writing to acknowledge your letters dated 30 January 2015 regarding the above and to express my sincere thanks for the careful consideration your Committee has given to these issues. This has been very helpful.

The recommendations you put forward will certainly inform my decision-making and the work of the Department in the coming months. I can confirm that steps have already begun to implement trailing new ways of working with local district and parish councils during the extension period of the highways maintenance contract. I will ask the Department to keep you informed about progress in this area.

Yours sincerely

Executive Member for Economy, Transport and Environment
