Email: katherine.snell@hants.gov.uk

1) Summary

1.1 This report provides an update to the committee report prepared for the proposal at Micheldever Highways Depot (15/02619/HCS).

2) Minor changes recommended to Conditions numbered 6, 8, 9 & 14

2.1 Conditions 6 (Surface water drainage), 8 (Materials), 9 (Lighting) and 14 (Clearance method of the identified suitable reptile habitat) should all begin "Prior to the operation of the asphalt plant," instead of, "Within three months of the date of this permission".

3) Environmental Permit issued

3.1 An Environmental Permit was issued on 19 February 2016 by Winchester City Council (Permit ref.no: PERM16/01) to operate the activity of the coating of road stone with tar or bitumen. This is under Schedule 1, Part B of the Environmental Permitting Regulations 2010 (as amended) with the focus on dust and emissions control.
