

- 2.3. The current Policy was subject to Executive Decision approval on 21 September 2015, item reference 6885. This was for a twelve month period and approval for the continued use of surveillance powers for the next 12 months is required.
- 2.4. Monitoring of the County Council's activity in respect of RIPA is conducted by the Audit Committee. Regular reports on the use of surveillance powers are presented to the Audit Committee on a quarterly basis.
- 2.5. On 23 June 2016, the Audit Committee reviewed the County Council's use of RIPA powers for the previous 12 months (item reference 7558). As a result of that review, the Audit Committee has provided its assurance that the County Council is operating its powers in a lawful and proportionate manner, and the continued use of surveillance powers would be appropriate.
- 2.6. The majority of the County Council's RIPA activity is conducted by officers of the Trading Standards Service, and in accordance with the current County Council's RIPA policy, all RIPA activity is authorised via that Service. Additionally, all authorisations by local authorities are subject to judicial approval through a magistrate, in accordance with the provisions of the Protection of Freedoms Act 2012.
- 2.7. The County Council's use of surveillance powers is regularly subject to external inspection, by both the Office of the Surveillance Commissioner and the Interception of Communication Commissioner's Office. In December 2014, the Assistant Surveillance Commissioner came to review the County Council's use of directed surveillance, covert human intelligence source and CCTV systems under the Regulation of Investigatory Powers Act, and policies and procedures the County Council has in place. The formal report was received by the County Council in January 2015, where the Assistant Surveillance Commissioner indicated his satisfaction with the County Council's application of its covert activities arrangements. He expressed that the County Council has '*a generally sound RIPA structure, policy and procedures and committed senior management*', and has recommended some changes for implementation for the future, which have been accepted, to make the County Council's procedures more robust and stand up to scrutiny.
- 2.8. In January 2015 Hampshire County Council joined the National Anti-Fraud Network (NAFN) as a result of further changes to the RIPA landscape affecting the acquisition and disclosure of communications data.
- 2.9. On 20 July 2016, the Executive Member for Policy and Resources approved changes to the officers authorised to appear at the Magistrates Court on behalf of the County Council in respect of RIPA approvals, item reference 7638.
- 2.10. In light of the comments from external inspectors, and the absence of any regulatory changes since the approval of the Policy last year, it is recommended that no material changes are made to the Policy and that it be approved unchanged for a further 12 month period.

Policy Statement

Hampshire County Council will not undertake any activity defined within the Regulation of Investigatory Powers Act 2000 without prior authorisation, from a trained, senior officer who is empowered to grant such consents; and subject to Sections 37 and 38 of the Protections of Freedoms Act 2012 and any pertaining regulations relating to the approval of such authorisations by a Magistrate.

The Director of Culture, Communities and Business Services has been appointed the Senior Responsible Officer and, as such, has been given authority to appoint Authorising Officers (for surveillance activities) and Designated Persons (for the purposes of access to communications data) under the Act.

The Authorising Officer or Designated Person will not authorise the use of surveillance techniques, human intelligence sources or access to communications data unless the authorisation can be shown to be necessary for the purpose of preventing or detecting serious crime or of preventing disorder, in accordance with the Regulation of Investigatory Powers (Directed Surveillance and Covert Human Intelligence Sources) (Amendment) Order 2012.

In addition, the Authorising Officer or Designated Person must believe that the surveillance or obtaining of communications data is necessary and proportionate to what it seeks to achieve. In making this judgment, the officer will consider whether the information can be obtained using other methods and whether efforts have been made to reduce the impact of the surveillance on other people, who are not the subject of the operation.

Applications for authorisation of surveillance, the use of a Covert Human Intelligence Sources or the obtaining of communications data will, except in emergency where legislation permits, be made in writing on the appropriate form.

Intrusive surveillance operations are defined as activities using covert surveillance techniques, on residential premises, or in any private vehicle, which involves the use of a surveillance device, or an individual, in such a vehicle or on such premises. Hampshire County Council officers are NOT legally entitled to authorise these types of operations.

However public bodies are permitted to record telephone conversations, where one party consents to the recording being made and appropriate surveillance authorisation has been granted. The party who consents to the recording of the telephone conversation could either be an officer of the County Council or a third party. On occasions, officers of the County Council do need to record telephone conversations, to secure evidence.

It is the policy of this authority to be open and transparent in the way that it works and delivers its services. To that end, a well-publicised Corporate Complaints procedure is in place and information on how to make a complaint to the Investigatory Powers Tribunal will be provided on request to the Senior Responsible Officer.

The County Councils use of its powers under the Regulation of Investigatory Powers Act 2000 will be subject to regular scrutiny by the County Councils Audit Committee.
