155 MAJOR PROGRAMMES REPORT

The Panel considered the report of the Director of Culture, Communities and Business Services which provided an update on major projects and issues currently being progressed within the department (Item 6 in the Minute Book.)

Members' attention was drawn to the close working between Property Services and Children's Services on the design and delivery programme for the provision of 18,275 new school places by 2019. This was a further increase to that noted in the report as a result of a further analysis of pupil numbers required. The Director confirmed that steady growth countywide, including new housing developments and demographic change, had contributed to the requirement for additional school places. The Panel heard of the work that Property Services was conducting with the Education Funding Agency (EFA) to design and deliver new Free Schools. It was noted that ongoing discussions were continuing with the EFA and the Department for

Education to secure the maximum possible funding for the Free Schools programme.

In response to Members' questions it was confirmed that all new schools were required by legislation to operate as academies. Furthermore, in response to Members' questions relating to section 2.9 of the report, it was confirmed that the completion date for the first of six new Children's Homes was expected in February 2017 and would be followed by the completion of the remaining five homes as part of a phased programme.

Discussion was held regarding the Workstyle Programme and how this enabled staff to work flexibly to support the requirements of their role. Further benefits of the Programme to staff were also discussed as were the significant savings that had been realised since the introduction of the programme around a decade ago.

RESOLVED:

That the Panel recommends to the Executive Member for Policy and Resources that:

- a) Progress of each of the programmes is noted.
- b) That approval is given to the Workstyle Office Transformation project proposals for Elizabeth II Court South, Ground and First floors at a total cost of £800,000.
- c) That procurement and spend approval for contracting activity associated with the projects as outlined in this report is granted.

156 MANAGING HAMPSHIRE'S BUILT ESTATE

The Panel considered the report of the Director of Culture, Communities and Business Services. (Item 7 in the Minute Book).

Members heard that the total planned investment for schools and corporate buildings totalled £52million and that this was funded through local resources, school contributions and government grants.

It was noted that the initial indication given for the Schools Condition Allocation (SCA) grant for 2017/18 was £17.7million and that this would be used to invest further in the schools estate. The confirmed SCA grant figure would be announced in March 2017. The Panel heard that the Schools Service Level Agreement (SLA), which enables Hampshire schools to pool their funds and for their maintenance programmes to be managed within Property Services, was due for renewal in April 2017. Members noted that excellent progress had so far been recorded with the majority of schools confirming renewal with the final deadline being the end of March 2017 for responses.

The Director highlighted the County Council's successful bid for SCOLA recladding in the Priority Schools Building Programme 2 for four Hampshire schools. These projects were planned to be delivered on behalf of the EFA at Wootey Junior School, Talavera Infant School, Overton Church of England Primary School and Oliver's Battery Primary School. This was noted as an excellent example of Hampshire County Council acting as delivery partner for the Government.

RESOLVED:

That the Panel recommends to the Executive Member for Policy and Resources that:

- a) The headline Policy and Resources Repair and Maintenance budgets for 2017/18 contained within this report are noted and that a more detailed report seeking approval will be brought to a future Policy and Resources Decision Day.
- b) The progress on the renewal on the Schools Service Level Agreements and the procurement of the Term Maintenance Contract and Minor Works Framework is noted.
- c) That advance design work to progress schools Condition Projects, External Decorations and Primary Schools Building Programme 2 progress, as set out in Appendix 2, is approved including subsequent letting of contracts as soon as possible after allocations are confirmed by the Department for Education.
- d) The procurement route for delivery of the revenue and capital repairs programmes (as either a suitable OJEU compliant framework arrangement or via traditional single stage competitive tender) is approved.

157 CORPORATE PROCUREMENT CONTRACTING ACTIVITY AND APPROVALS FOR 2016/17

The Panel considered the report of the Director of Culture, Communities and Business Services regarding procurement, amendments and extensions to contracts over £1million in value (Item 8 in the Minute Book).

That the Panel makes the following recommendation to the Executive Member for Policy and Resources:

- a) That procurement and spend approvals, as appropriate, be given for the framework agreements and contracts as detailed in Appendix 1.
