

**Sherborne St John Church Of England Primary and
Great Binfields Primary School catchment changes.**

Following a review of the location of the Razors Farm and the neighbouring Aurum site developments with respect to the local schools' catchment areas, discussion has taken place with those schools regarding an amendment to the current catchment area boundaries. The location of the developments in relation to the infrastructure and surrounding schools, and the pressures of other local developments means that it is impractical to leave the development in its current catchment area of Sherborne St John Church of England Primary School. It is therefore proposed that the whole of the Razors Farm and Aurum sites should be located in the catchment areas of Great Binfields Primary School.

Transitional arrangements are proposed by the County Council to mitigate the impact of this change for families in the Razors Farm and the neighbouring Aurum Site developments with children already in the existing catchment schools, as follows:

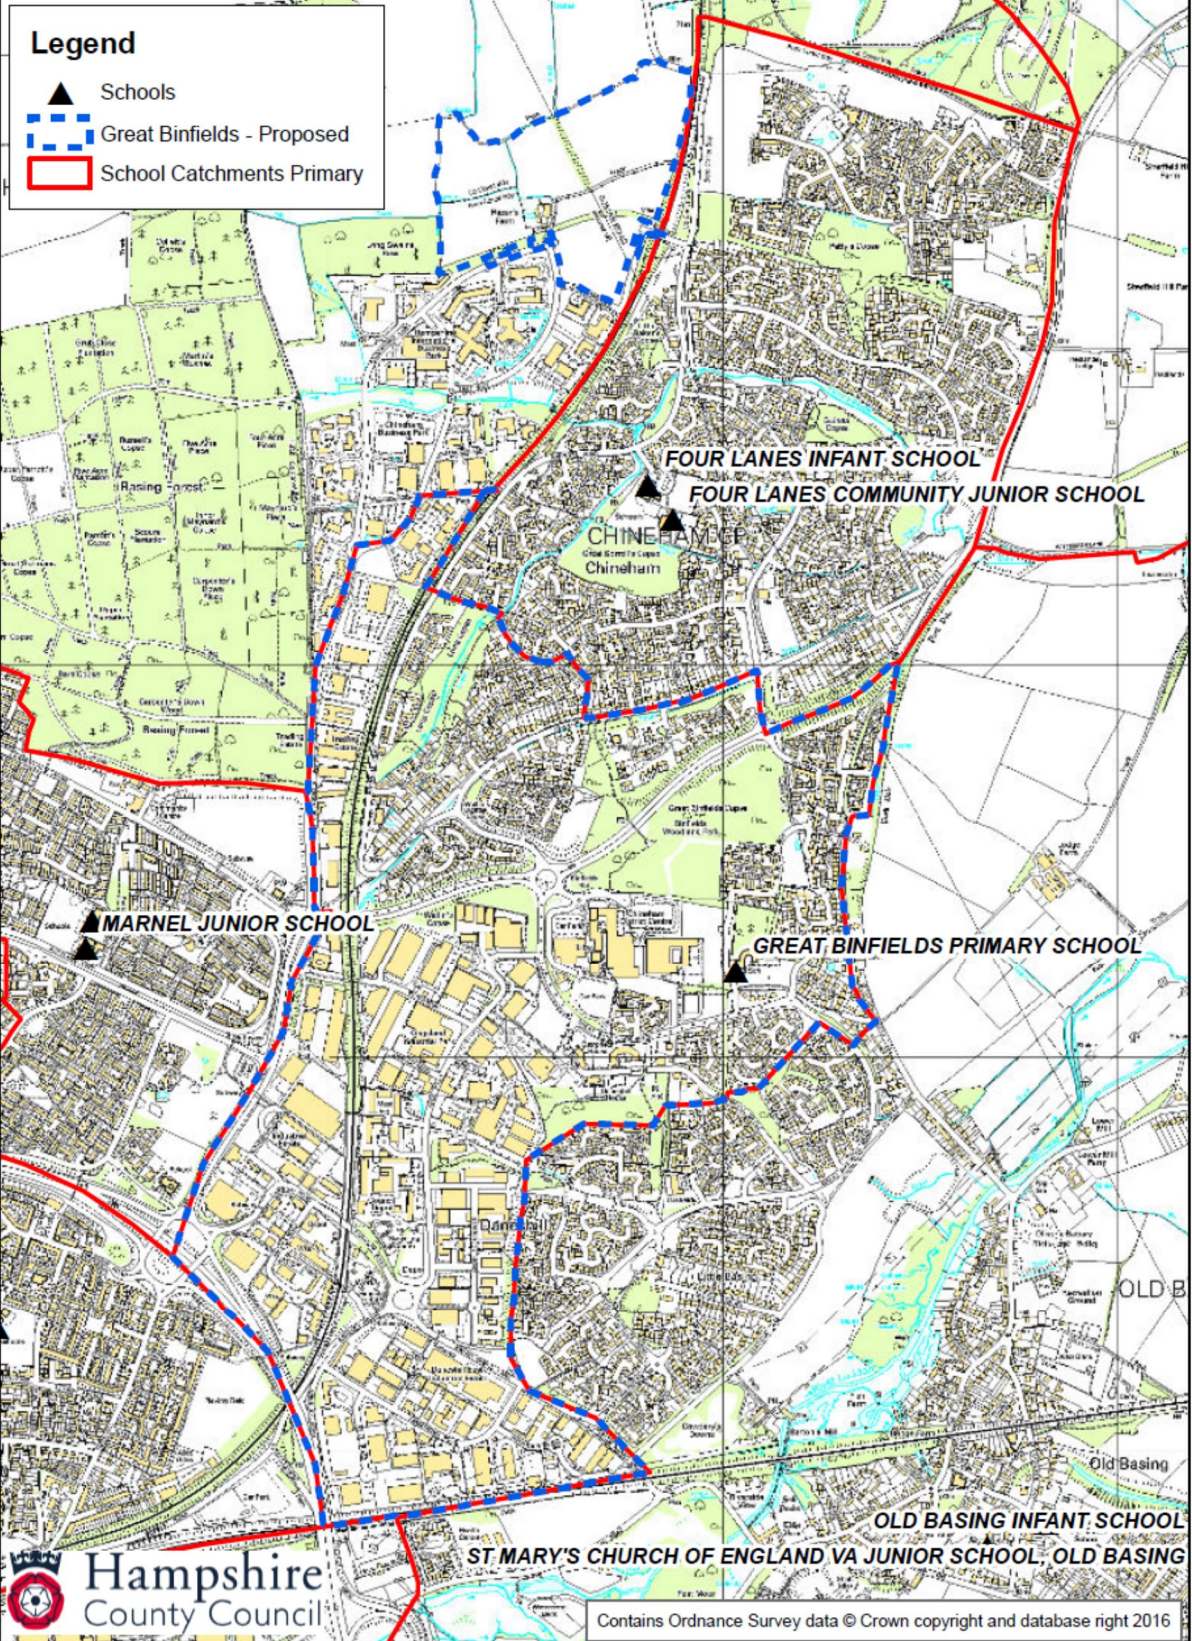

Transitional arrangements for admission to Sherborne St John Church Of England Primary School: A child starting school for the first time who has a sibling on roll at Sherborne St John Church Of England Primary School (who was on roll prior to the catchment change and who will still be attending the school at the time of the younger child's admission), will also be given catchment priority for Sherborne St John Church Of England Primary School, up to, and including, for admission in September 2023.

The proposed catchment areas that will apply from September 2018 are presented below.
