

Talavera Infant and Talavera Junior school catchment changes

In September 2018, a new academy primary school is expected to open at Wellesley, in Aldershot, to meet the demand from families moving onto the new development. The new school will operate a catchment area which is currently served by Talavera Infant and Junior schools.

Transitional arrangements are proposed by the County Council to mitigate the impact of this change for families in the Wellesley development with children already in the existing catchment schools, as follows:

1. *Transitional arrangements for admission to Talavera Infant School:* A child starting school for the first time who has a sibling on roll at Talavera Infant School (who was on roll prior to the catchment change and who will still be attending the school at the time of the younger child's admission), will also be given catchment priority for Talavera Infant School, up to, and including, for admission in September 2019.
2. *Transitional arrangements for admission to Talavera Junior School:* A child starting school for the first time who has a sibling on roll at Talavera Junior School (who was on roll prior to the catchment change and who will still be attending the school at the time of the younger child's admission), will also be given catchment priority for Talavera Junior School, up to, and including, for admission in September 2020.

The proposed catchment area changes that will apply from September 2018 are presented below:
