Service and Proposal	£000	Has saving already been achieved? (Yes or No)	If saving not yet fully achieved, is there a detailed implementation plan in place, containing actions, responsibility and timings? (Yes or No)	Comments on progress in implementing plan or if no plan any other evidence of progress in achieving savings	Savings for which you consider there is firm evidence of likely achievement £000
<b>CHILDREN'S SERVICES</b>					
Purchased foster care placements	600	No	Yes	Growth in the number of Children Looked After by the County Council overall has impacted on the department's ability to achieve a budget saving of £600,000. However, increased capacity generated within the in-house foster service has avoided the need for use of more costly purchased fostering placements.  There is also a clear indication that a reduction in the unit cost of an Independent Foster Care Placement will be achieved in 2010/11 as a result of the investment strategy and other procurement measures implemented over the last two years. Whilst a budget saving is not expected to be achieved due to the level of demand, the department is confident that eligible efficiency savings amounting to at least £600,000 will be.	600
