Secondary schools with school specific criteria – 2012

Secondary Schools	Comments
Brookfield	Within oversubscription criterion 4, priority is given to children living in Warsash to the south of the school (meaning that they do not have to go past Brookfield on their way to an alternative school).
Cranbourne	For children living within Oakley and surrounding district of the catchment area (*), the distance will be measured as a straight line from home to the nearest college bus stop. The designated bus pick up points are Newfound: The Fox, East Oakley: Avon Road/Itchen Close, Marlborough Gardens, Oakley Lane, Croft Road, St John's Piece West, Pack Lane / Lightsfield and Oakley: Oakley Primary Schools, Oakley Pond, Hill Road/Barn Lane, Hill Road/St John's Road, Breach Farm Turn. (* Please contact the college to view a map of the surrounding area.)
Priestlands	Out-catchment distances measured to catchment area boundary. This criterion ensures that those who live furthest from the school and also furthest from alternative schools will be given priority.
Robert Mays	In the event that the school oversubscribes in the 'out-catchment with a sibling' criterion those attending a linked school will be given priority. Distance from the school will then be used to order the list
Vyne	For children living in the Chineham detached catchment area, distance measurement will be from home to the main bus stop on Mattock Way.
Wavell	Out-catchment distances measured to catchment area boundary. The school lies on the southern edge of its catchment. This criterion will enhance the admission chances of out of catchment pupils attending linked schools to the north of the area.
