

HAMPSHIRE COUNTY COUNCIL

Report

| | |
|---------------------|---|
| Committee: | Children and Young People Select Committee |
| Date: | 15 April 2010 |
| Title: | Hampshire Children's Trust – developing Local Children's Partnerships |
| Report from: | Director of Children's Services |

Contact name: Deborah Harkin

Tel: (01962) 846699

Email: deborah.harkin@hants.gov.uk

1. Purpose of report

- 1.1. The purpose of this paper is to outline the progress made in developing Local Children's Partnerships (LCPs) to support the Hampshire Children's Trust in delivering the improvements in outcomes for children and young people, as established in the Children and Young People's Plan.
- 1.2. This paper addresses the following key issues:
 - statutory requirements;
 - performance management;
 - function and purpose of LCPs;
 - the time scale for the development of local delivery plans;
 - the emerging configuration of LCPs.

2. Contextual information

- 2.1. The existing partnership arrangements are based around the 11 District Council areas in Hampshire. Good progress has been made by a broad range of partners in addressing key issues within the Children and Young People's Plan (CYPP) from a local perspective.
- 2.2. These local arrangements have not always achieved sufficient engagement with schools and colleges. Whilst there are some good examples of integrating education and other services to achieve common purpose and priority, existing arrangements would not support the statutory duty upon each school and college to co-operate in improving outcomes for children and young people through the CYPP.
- 2.3. The proposed development of LCPs is based upon each school, college and all other local partners being engaged in an annual cycle of work to: identify local priorities for improvement; agree a local delivery plan; and monitor progress in improving outcomes.

- :
- 2.4. It is anticipated all partners will engage in this business cycle, with more detailed work possibly undertaken by sub-groups or thematic groups once priorities have been identified. In those areas with more than one LCP, some form of co-ordinating group will emerge to ensure a link to the Local Strategic Partnership (LSP) in its work to co-ordinate the Local Area Agreement (LAA).

3. Finance

- 3.1. It is intended that in the first year (2010/11) LCPs will have a focus on developing integrated working and establishing priorities for action within their local delivery plan (within the context of Hampshire's Children and Young People's Plan).
- 3.2. Subsequently, opportunities will exist for partners to consider pooling budgets for the delegation of management of services and devolution of some resources.
- 3.3. To support these developments, the County Treasures Consultancy Service is undertaking an analysis of the use of some Children's Services resources at an LCP level to reflect the availability and scale of local resource.
- 3.4. It is intended to develop this approach by including the resources of other partners, schools and colleges; and to relate resources to local deprivation factors, outcomes and performance data.
- 3.5. To support LCPs in undertaking their work, a small budget for 'infrastructure' has been identified. An allocation will be made to each partnership as the budget for 2010/11 is confirmed and the local structure finalised.

4. Performance

- 4.1. The Children's Trust statutory guidance (Department for Children, Schools and Families, 2010) includes a requirement that the Children's Trust shall complete an annual assessment of the impact of partnership working in improving outcomes set out in the CYPP.
- 4.2. In order to support this requirement, arrangements will be put in place for each LCP to undertake an annual self-assessment and report to the Children's Trust Board. The first assessment and report will be in 2011.
- 4.3. To support both the Children's Trust Board and LCPs, a Performance Management Framework has been developed. This, and other guidance, can be found at <http://www3.hants.gov.uk/hampshirechildrenstrust>.

5. Statutory requirements

- 5.1. The legal basis for Children's Trust Boards is contained in the Apprenticeships, Skills, Children and Learning Act 2009. This amends Part 2 of the Children Act 2004.
- 5.2. The Act strengthens local partnership working to improve outcomes for children and young people by:
 - Putting Children's Trust Boards on a statutory footing.

- Extending the number of statutory relevant partners with a duty to co-operate to include maintained schools, city technology colleges, academies, non-maintained special schools, further education and sixth form colleges and Jobcentre Plus.
 - Introducing a power to pool funds and share other resources between Children's Trust relevant partners.
 - Ensuring that schools forums and relevant partners have regard to the local CYPP.
 - Requiring the Children's Trust Board to develop, publish, monitor and review the CYPP; and to publish an annual progress report on the extent to which partners have acted in accordance with the Plan.
 - Establishing a duty on Children's Trust Board members to supply information to the Board to enable or assist the Board to perform its functions.
 - Ensuring all partners on the Children's Trust Board share responsibility for preparing the CYPP, but are individually responsible for delivering it.
- 5.3. The legislation provides that to promote co-operation, relevant persons or bodies may provide staff, goods, services, accommodation or other resources to another relevant person or body, and/or make contributions to a fund out of which relevant payments may be made.
- 5.4. The Executive Lead Member for Children's Services and the Hampshire Children's Trust Board have established that the development of LCPs will assist the Trust Board in the delivery of integrated services to address the priorities within the CYPP. LCPs will operate within the powers set out in the Apprenticeships, Skills, Children and Learning Act 2009.
- 5.5. Governance arrangements for LCPs are under consideration. Whilst partners are unlikely to need to amend their own existing internal arrangements, further work is being undertaken to enable the local partnerships to operate in a transparent, robustly managed way which allows for effective scrutiny.
- 5.6. Governing Bodies of schools and colleges have been asked to consider a resolution that confirms the willingness of the school to become a member of a LCP.

6. The purpose and function of LCPs

- 6.1. Previous reports to the Executive Lead Member for Children's Services have confirmed the intended purpose of LCPs to be the local delivery and commissioning capability of the Children's Trust by co-ordinating and influencing the delivery of services to improve outcomes. The core functions are summarised below:
- ensure educational inclusion;
 - strengthen and develop local networks;
 - develop a detailed understanding of local needs and outcomes;

- responsibility for co-ordinating delivery locally of defined outcomes, e.g. teenage pregnancy and reducing child poverty;
- influence improvement for all outcomes for all children;
- co-ordinate prevention and early intervention activities.

7. Timescale for developing LCPs

- 7.1. Good progress is being made with a range of local partners to identify the most efficient and effective configuration of LCPs to ensure engagement by all local partners.
- 7.2. It is intended that LCPs are in place by April 2010; and that a summary level local delivery plan is agreed by partners by July 2010.
- 7.3. It will be important for all partners to be clear on the contribution they can make to improving outcomes. Whilst the majority of the performance areas within the CYPP are educational targets, the ambition for local partnership working and the development of integrated delivery is that all partners consider how they can make a contribution to all outcomes. In this way, there will be a better focus upon integrating the educational 'journey' of all children and young people from birth to 20 years of age (and beyond for some groups of young people); and also how the resources of partners can be better co-ordinated to impact on those factors which inhibit good education, health and social care outcomes, which in themselves may limit educational outcomes. This approach supports a focus on the most vulnerable, including children in care.
- 7.4. In this first year of developments, it is intended that each LCP will focus on a limited range of key performance areas as summarised below:
 - reducing teenage conceptions;
 - reducing those not in employment, education or training;
 - increasing the number of care leavers in employment, education or training;
 - improving the educational attainment of vulnerable children, including children in care, and narrowing the attainment gap;
 - reducing the impact of poverty.
- 7.5. In subsequent years, the Children's Trust Board will identify a similar number of key outcome areas that all LCPs should consider; and it is anticipated that partnerships will also identify local priorities for action. In order to support LCPs in their work, the following have been made available:
 - guidance on governance arrangements, including seeking a resolution from each Governing Body to be engaged in a local partnership in order to full fill their duty to co-operate;
 - a Performance Management Framework, including self-assessment and template for local delivery plans;
 - guidance on the role and function of LCPs;

- guidance on the role of local managers to support and challenge LCPs;
- guidance on membership and the commitment made by members of the Trust Board to ensure local engagement;
- business processes and reporting arrangements;
- performance data will progressively be made available at LCP level.

8. The emerging configuration of LCPs

- 8.1. Consultation with local partners is continuing in order to reach agreement on the most efficient and effective local configuration. In many areas these arrangements will be based upon extended services clusters or education improvement clusters of schools.
- 8.2. Over time, it is envisaged that much of the partnership work currently undertaken in separate arrangements could be 'rationalised' within the emerging LCPs - extended services being an early potential example.
- 8.3. Area Directors and District Managers are continuing discussion with local partners and the following summarises the current position. This position is not yet considered final and should be taken as 'work in progress' as local arrangements continue to be finalised.
- 8.4. In all areas, particularly where more than one LCP is proposed within a District Council area, consideration is being given to a representative steering or co-ordinating group to provide coherence across the whole area and ensure strong links with LSPs. Membership of these co-ordinating groups will include the Chairs of LCPs and other partners as necessary to ensure strong local leadership.
- 8.5. LCPs have identified interim Chairs and arrangements are in place for initial meetings between Chairs and local managers in order to begin more detailed development work.
- 8.6. In view of wide travel to learn areas, many colleges will maintain links with more than one LCP.
- 8.7. As local arrangements are confirmed, it will be possible to hold further discussions within the County Council and Children's Services to identify the most effective method of engagement for a broad range of internal staff to support to the development of local delivery plans and integration of service delivery.
- 8.8. The initial configuration of LCPs is summarised below:

| North and East Hampshire | |
|---------------------------------|--|
| Basingstoke | One LCP, with a number of sub-clusters to be confirmed |
| East Hampshire | Three LCPs: <ul style="list-style-type: none"> • Alton • Liss, Liphook and Petersfield • Bordon |

| | |
|--------------------------|--|
| Rushmoor | One LCP |
| Hart | One LCP with three sub-clusters: <ul style="list-style-type: none"> • Fleet • Yateley and Frogmore • Hook and Odiham |
| Western Hampshire | |
| New Forest | One LCP with two sub-clusters: <ul style="list-style-type: none"> • New Forest West • New Forest East |
| Winchester | Two LCPs: <ul style="list-style-type: none"> • Winchester • Alresford area |
| Eastleigh | One LCP with two sub-clusters: <ul style="list-style-type: none"> • North (which includes Otterbourne from Winchester area) • South (which also includes some schools in the south Winchester area e.g. Bishop's Waltham, Swanmore) <p>Barton Peveril and Eastleigh Colleges; The Bridge Education Centre; and Lakeside Special School have identified themselves as part of the overarching LCP, rather than belonging to a sub-cluster</p> |
| Test Valley | Two LCPs: <ul style="list-style-type: none"> • Andover and surrounding areas • Romsey and surrounding areas |
| South Hampshire | |
| Gosport | One LCP |
| Fareham | One LCP, with sub-clusters to be confirmed |
| Havant | One LCP, with sub-clusters to be confirmed (Havant clusters will include some schools in the East Hampshire and Winchester areas) |

9. Conclusion

- 9.1. Members of the Children and Young People's Select Committee are asked to note progress in the development of LCPs and the implications for partners, including schools.
- 9.2. Children's Trust partners are currently identifying their representation within LCPs, following which the 15 LCPs will begin to develop local delivery plans. These plans will outline how partners will work together to meet the priorities of Hampshire's Children and Young People's Plan (CYPP) at a local level. Progress against the CYPP will be reported to the Children and Young People's Select Committee.

IMPACT ASSESSMENTS:

1. Equalities Impact Assessment:

- 1.1. Delivery of Hampshire's Children and Young People's Plan 2009-12 and the LCP local delivery plans will have a positive impact by improving outcomes for vulnerable children and young people and narrowing the gap between them and their peers.

2. Impact on crime and disorder:

- 2.1. None.

3. Climate change:

- 3.1. How does what is being proposed impact on our carbon footprint / energy consumption?

Not applicable.

- 3.2. How does what is being proposed consider the need to adapt to climate change, and be resilient to its longer term impacts?

Not applicable.
