# Objectives of the Strategy

# Implementation Structure

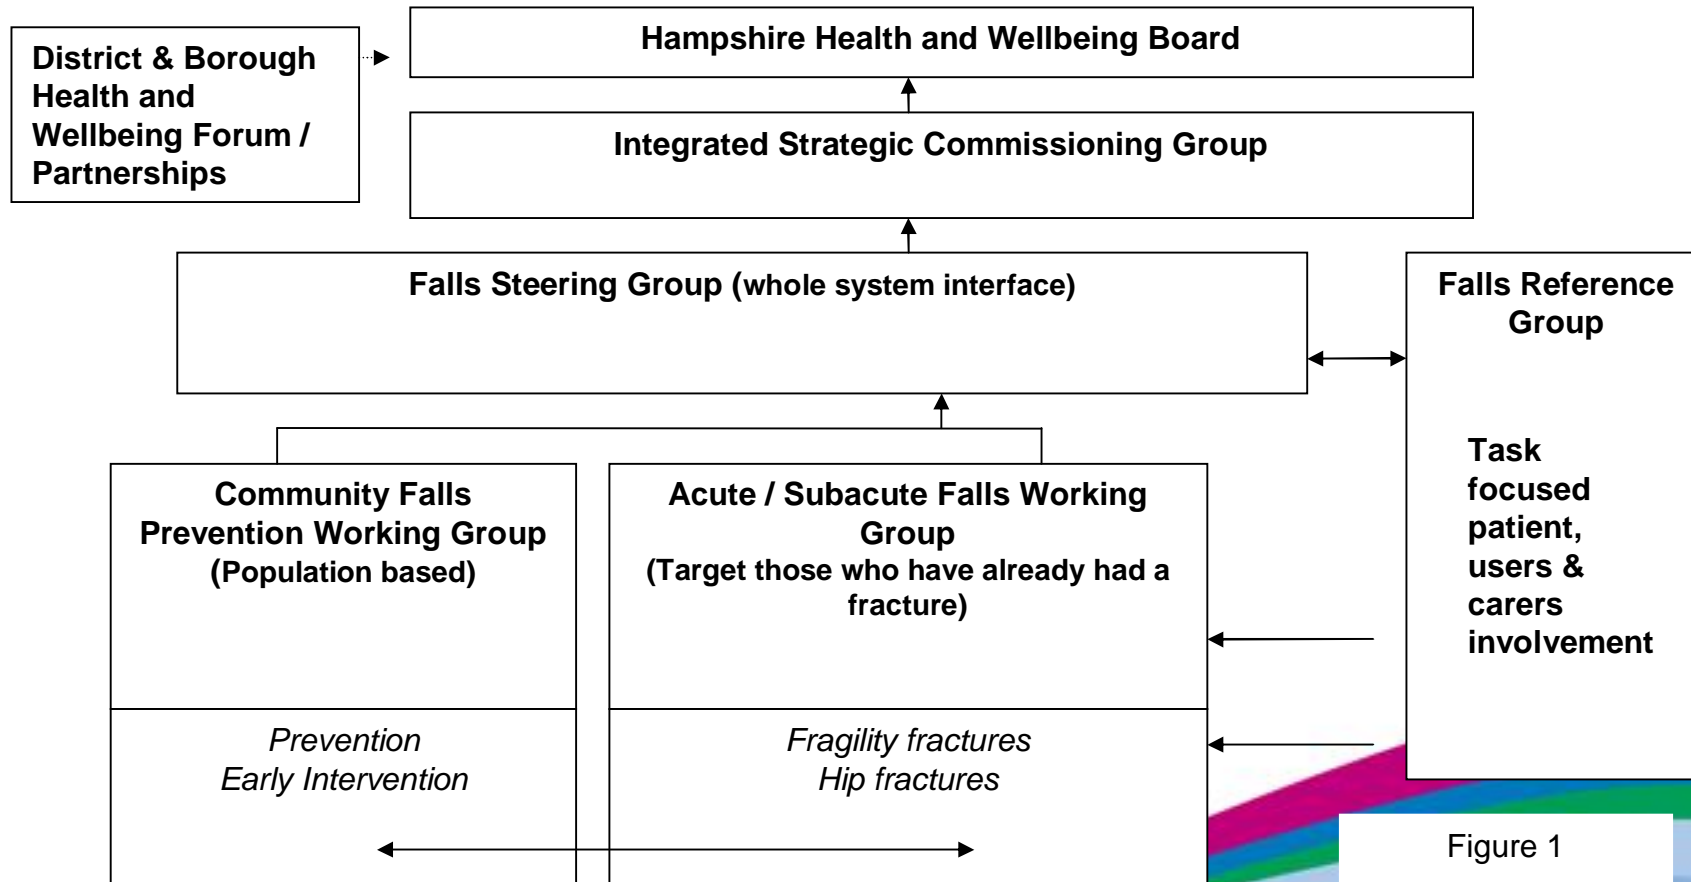

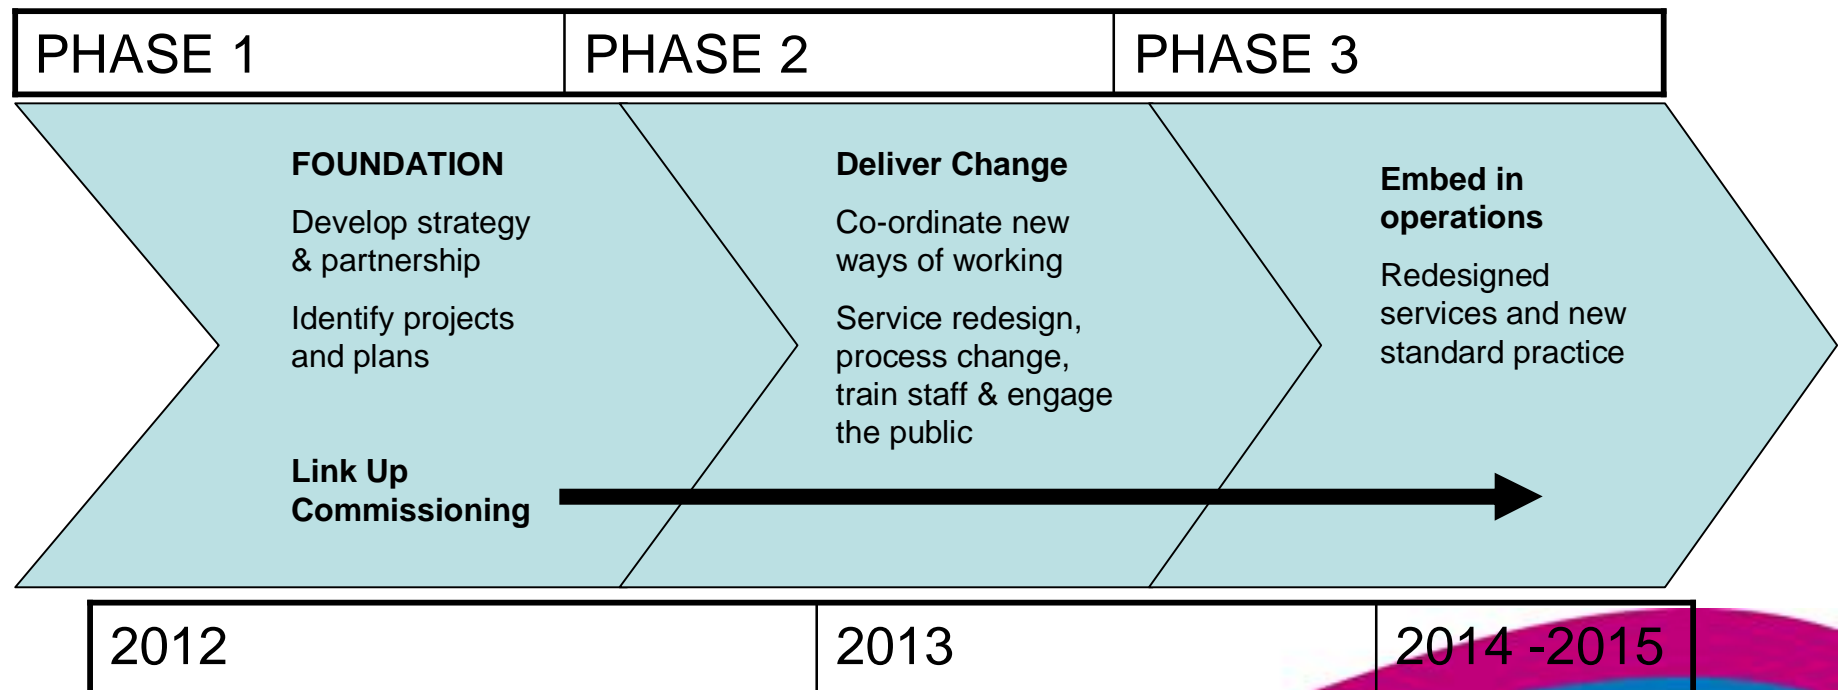

Figure 1

# Implementation Plan

# High Level Actions

## CROSS CUTTING

Effective leadership & coordination to implement the Strategy

Improve data gathering and dissemination of best practice & resources

Create safer environments to prevent injury from falls

Service redesign & collaboration

Education & Training

## ACTIONS

OBJECTIVE 1	OBJECTIVE 2	OBJECTIVE 3	OBJECTIVE 4
Healthy Lifestyles	Better Identification	Define Integrated pathway(s)	Improved Service Experience
Better Signposting	Increased use of protocols and guidelines	Better co-ordination of services	Better co-ordination of services
Home Risk Assessment	Better risk assessments	Service gaps and duplication	
Communication & Information	Reporting & monitoring	Improving commissioning	

## Next Steps

- Hampshire County Council, NHS Hampshire and Clinical Commissioning Group to formally agree Strategy
- Establish delivery structure which engages all partners
- Ensure the involvement of users, patients & carers
- Work with providers on service re-design options and specific pathways
- Joint commissioning of pathway
