

North East Hampshire and Farnham Vanguard: working together for a healthy population

Redesigning services for local populations

Dr Andy Whitfield

Who we are – local context

A shared vision to improve health and wellbeing

OUR VISION

Our vision is that local people are supported to improve their own health and wellbeing, and that when people are ill or need support, they receive the best possible joined up care

Who are we

NHS Foundation Trust

Southern Health 
NHS Foundation Trust

South East Coast Ambulance Service 
NHS Foundation Trust

**Salus Medical Services Ltd –
(24 Member Practices)**

Surrey and Borders Partnership 
NHS Foundation Trust

Local third sector partners

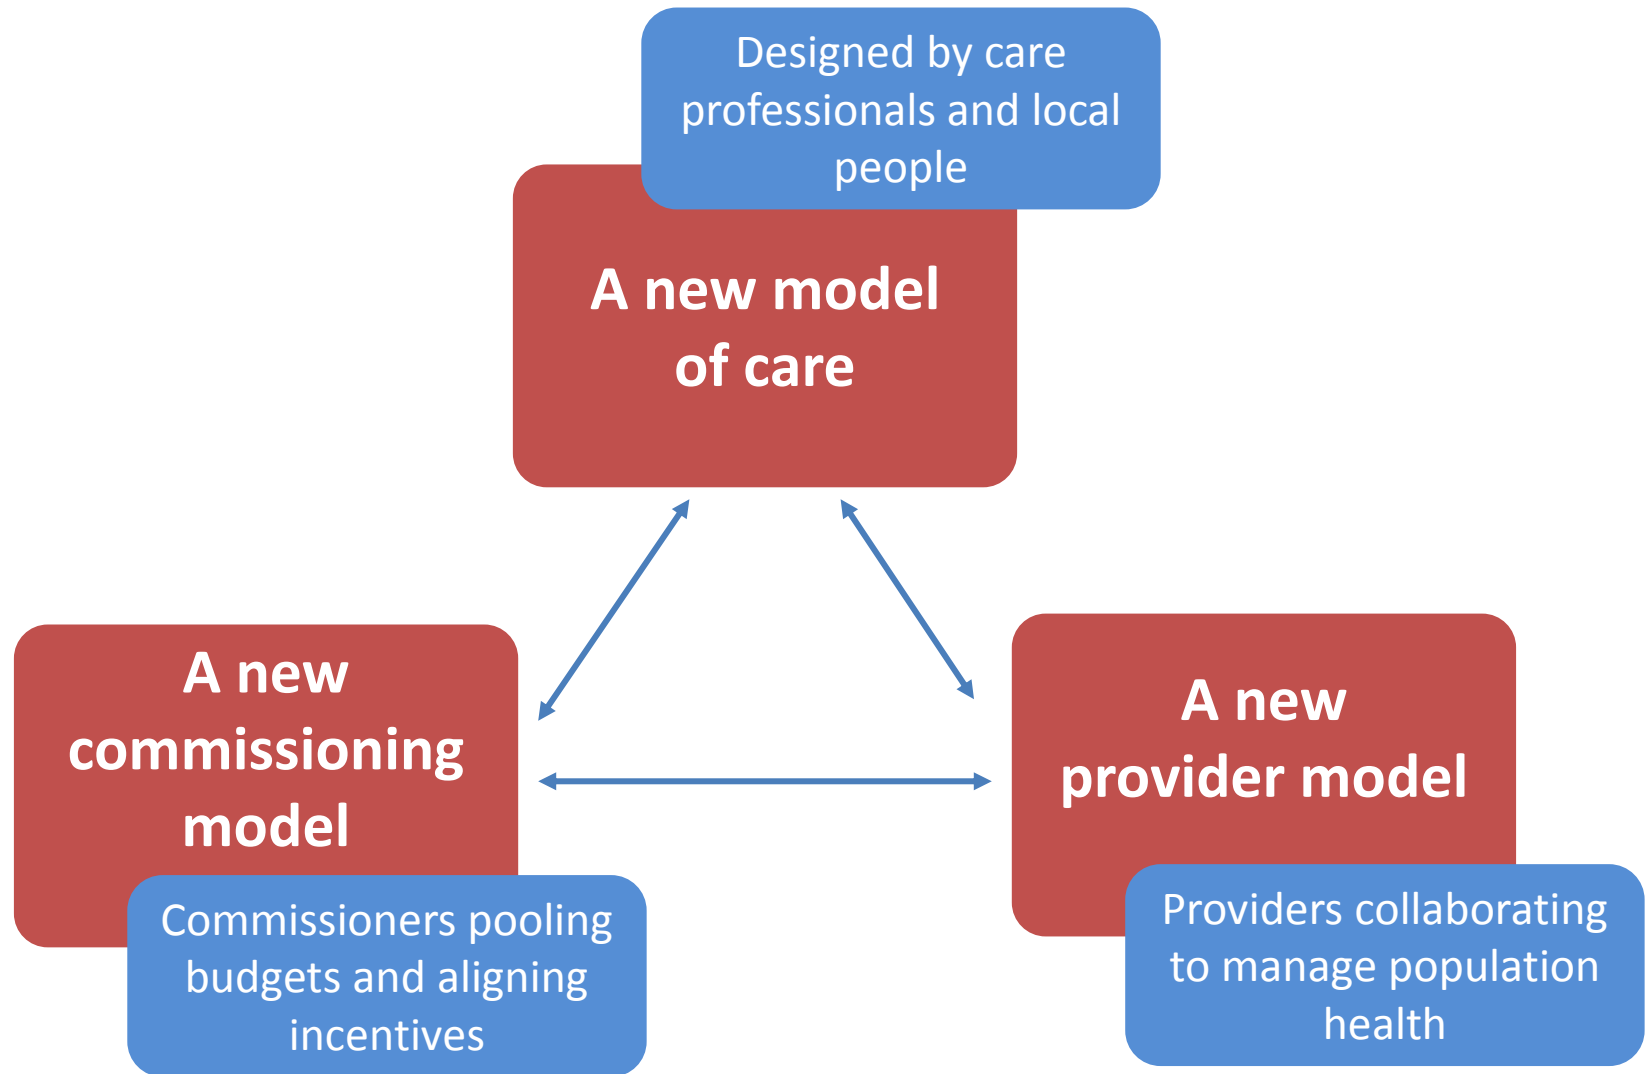

New model of care

Theme	Impact of the new model of care
Happy.	Improved wellbeing, and better experience of care for local people
Healthy.	Better health and social care outcomes, and improved quality of life
At Home.	More care delivered at home and in the community, local people spending less time in hospital
Better Value for Money	Lower costs per head of population, enabling the system to better meet future demand within the available resources

Happy, healthy, at home and reduced costs
