

**MATTERS ARISING FROM HAT HIGHWAYS MEETING HELD ON FRIDAY
29th MARCH 2010**

REFERENCE

- 1) Old Kempshott Lane.** Delay in adopting new roads built by Barratt Homes.
Response/Update: Cllr Reid has been updated on position regarding adoption by Steve Jenkins in Development Planning. Adoption has been delayed due to issues with S278 works.
- 2) Chineham – Clere Gardens.** The road is not adopted yet.
Response/Update: The road has not been adopted as the solicitors are trying to get an easement on the off site drainage
- 3) Schemes for special maintenance/surface dressing.** Some Councillors had received notices for these schemes which were not reported within the maintenance report presented at the HATS meeting.
Response/Update: Peter Eade has replied that these omitted schemes were actually minor in nature and hence they were not intended to be on the general list. HCC Highways will continue to liaise with Councillors as required to inform them of local issues as they occur.
