

**HAMPSHIRE COUNTY COUNCIL
ENVIRONMENT DEPARTMENT
HAMPSHIRE ACTION TEAM TRANSPORTATION MEETING – WINCHESTER**

PRIORITIES FOR CAPITAL PROGRAMME 2011/12

The attached tables detail the current proposals for:

- Table 5. Minor Works Sub-Programme Schemes
(£35,000 now allocated for 2011/12 enabling top 3 priorities,
prioritised at last meeting, to be taken forward)
- Table 6. Planned Maintenance Programme (Operation Resilience)
- Table 7. Capital Programme Schemes and Study Programme
- Table 8a) Hampshire County Council Proposed Traffic Management
Programme
- Table 8b) Winchester City Council Proposed Traffic Management Programme
- Table 8c) A and B road speed limit review update
- Table 8d) New Assessment Framework – verbal update

Members are asked to note the current proposals and the current status of feasibility studies (these schemes are not in the capital programme until approved by the Executive Member for Environment).

Proposed Capital programme 2011/12 – Minor Works

Under £50,000 Minor Capital Works programme - 2011/2012

A presentation of a number of potential schemes was given at the October 2010 HAT meeting and Members selected their choice for 2010/11 and 2011/12. The table includes the prioritised schemes for 2011/12 and those still awaiting funding.

The budget approved for 2011/12 has now been confirmed as £35,000.

Ref No.	Councillor	Road Name	Brief Details	Comments	Estimated cost
1	Collin	Firmstone Road, Winnall	Verge hardening near Baigent Road	Included in 2011/12 programme	£9,000
2	Bailey	Attwoods Drove	Parking provision	Included in 2011/12 programme	£14,000
3	Porter	Kings Lane, Chilcomb	Passing places	Included in 2011/12 programme	£8,250
4	Dickens	Clifton Road	Possible retaining wall	A retaining wall would be too costly for this programme. Also land acquisition would be needed.	
5	Dickens	Olivers Battery Road North	New section of footway	Not highway land	
6	Bailey	Main Road, Otterbourne	Move pedestrian refuge	Awaiting prioritisation	£6,000
7	Bailey	Main Road, Littleton	New section of footway by "Running Horse"	Would need retaining wall, earthworks and land acquisition. Alternative arrangement for permissive path on adjacent field being pursued by Parish Council.	
8	Bailey	Otterbourne Road, Park and Ride South to Compton	Cycle path	A feasibility study is underway for a cycleway between Winchester and Shawford, so not appropriate for this programme	
9	Hindson	B3047, Bishops Sutton	Parking lay-by	Awaiting prioritisation	£25,000

ITEM 5
Table 5

Ref No.	Councillor	Road Name	Brief Details	Comments	Estimated cost
10	Mason	B3035 "Hangars", Bishops Waltham	New section of footway	From site inspection, it does not appear that there would be justifiable usage of a footway in this area.	
11	Mason	A334 Station Hill, Botley	New pedestrian refuge	A scheme is being progressed using developer funding. Currently it has stalled due to difficulties on land acquisition.	
12	Porter	Sun Lane, Alresford	Improved footway by rail bridge	A scheme has now been constructed by WCC, using external funding.	
13	Porter	B3047, Old Station Road to "Water Wynch"	New section of footway	Scheme would require land acquisition.
