

Capital Programme Schemes and Study Programme

Winchester

Ref	Scheme name	Status
1	The Square, Winchester	Implementation subject to budget. Recent consultation indicates support for scheme principles and increased restrictions on through traffic.
2	Winchester Town Access Plan – scheme prioritisation	Prioritisation of future schemes to be funded from developer contributions currently held. Prioritisation to be informed by WTAP consultation outcomes.
3	Winchester Town Access Plan - Pedestrian crossing point - Romsey Road/Clifton Terrace	Feasibility complete. Future progress dependant upon availability of funding/prioritisation (above). If prioritised - consultation with local residents required on traffic/parking implications.
4	Pedestrian crossing – Stoney Lane, Winchester	Potential signalised crossing. Feasibility underway.
5	Pedestrian crossing – Chilbolton Avenue	Potential Zebra crossing at Northern End. Feasibility underway. Future progress subject to funding and revision of speed limit (40mph – 30mph).
6	Footway modifications – junction of St Cross Road/Lower Stanmore Lane	Revisions to kerb line to improve visibility for pedestrians wishing to cross. Feasibility underway.
7	Twyford Cycle Link	Feasibility currently underway assessing route options – potential developer funded scheme.

Ref	Scheme name	Status
8	Micheldever Station footway – stage 2	Footway extension, subject to availability of funding.
9	M3 junction 9/Easton Lane	Discussions with Highways Agency to identify scope for improvements to junction arrangements, including signal phasing, to improve access for local traffic.
10	National Cycle Network Route 23 – phase 2	Scoping work and feasibility to identify routeing of NCN 23.
