

Westgate All Through School and Nursery

Winchester

2 Form Entry Primary Facilities & 55 Place Nursery.
New build plus remodelling of existing Rotherly House

Proposed Site Plan: Drop off and Pick Up Parking

Read in conjunction with JMP :
 Addendum Items dated 22nd
 February 2013 : Job No/ Name
 ST13028

Represents forecast drop off and parking generated by school and nursery

Represents residents permit parking only, no two hour parking limit available.

The cars illustrated on the plan represent the potential number of car parking spaces that would be available under the proposals. This equates to approximately 104 standard spaces, and takes into account driveways and zones designated for resident permit parking.

A worst case assessment of parking demand generated by the proposed primary element of Westgate School is 97 spaces. This figure would reduce should shared journeys with siblings and after school clubs be taken into account.
