To: Cllr Sharyn Wheale
Chairman, Environment & Transportation Select
Committee

Dear Sharyn

Re: Flooding Light Touch Scrutiny Review

As you know, the Policy & Resources Select Committee met on 11 March 2010, in order to discuss the findings of the Environment & Transportation Select Committee 'Flooding Light Touch Scrutiny Review'.

I am pleased to confirm that, following discussion at the meeting, the following resolution was agreed:

'That the Policy & Resources Select Committee agree to undertake an in-depth review of flooding, once the Winter Resilience Review has concluded. The Winter Resilience Review is anticipated to report to Cabinet in September. At that time, the scope of an in-depth review of flooding will be drawn up, taking into account the areas of interest indicated by the Environment & Transportation Select Committee in their light touch review report.'

I will, of course, keep the Environment & Transportation Select Committee updated on any developments that may arise in relation to this scrutiny review.

Kindest Regards,

Keith Chapman
Chairman, Policy & Resources Select Committee
