

# Solent Gateways

# Solent Gateways: Background

A £500 million plus comprehensive programme of **transport** and **enabling infrastructure** projects aimed at tackling regeneration along Southampton's waterfront and in East Cowes and improving connectivity across the Solent.

## 1. Southampton Waterfront:

- Royal Pier Waterfront
- Red Funnel Terminal Relocation to Trafalgar Dock

## 2. Red Funnel:

- Connectivity across the Solent will be improved as a result of **Red Funnel** investing to mirror the size and quality of facilities at both ends of their route.

## 3. E. Cowes:

- Enhanced public realm and road improvements in East Cowes.
- Replacement and modernisation of the 'Floating Bridge' chain ferry linking East and West Cowes.

# Solent Gateways: Local Growth Deal

The Solent Local Enterprise Partnership has been granted **£15 million of funding** through the **Local Growth Deal** to support the Solent Gateways Project.

Solent LEP Local Growth Deal Funding will fund a comprehensive programme of **enabling infrastructure** to facilitate and accelerate the delivery of:

- ✓ The relocation of the Red Funnel terminal in Southampton to Trafalgar Dock and the development of Royal Pier Waterfront
- ✓ Regeneration of East Cowes town centre and waterfront and enabling the relocation of the Red Funnel terminal
- ✓ Replacement of the Floating Bridge linking East and West Cowes

Seeking £15m of Local Growth Deal funding:

- £7.5 m towards public infrastructure works at Trafalgar Docks
- £3.8 m towards public infrastructure works in East Cowes
- £3.7 m towards the replacement of the Floating Bridge
