### About EMTAS

Removing barriers and inequalities in engagement, progress and attainment is a priority for all schools. We work with school-based practitioners to develop practice and provision for children and young people from Black and Minority Ethnic (BME) and Traveller groups, including those learning English as an additional language (EAL).

All our work is underpinned by the United Nations Convention on the Rights of the Child (UNCRC) particularly Articles 22, 29 and 30, and is supported by continuous professional development and enhanced DBS (Disclosure and Barring) checks.

### Core services we offer

- baseline assessment (Profile Report) for children and young people at point of transfer into their new UK school
- where appropriate, support for children and young people for whom English is an additional language
- a full range of services to improve access, engagement and participation of Traveller children, young people and parents/carers
- advice and training for teachers, senior leadership teams, EAL Co-ordinators, Traveller Co-ordinators, Governors, Teaching Assistants and Office staff on all aspects of pedagogy, practice and provision for children at various stages of learning English as an additional language and their families, and for those of Traveller heritage
- guidance on the delivery of the award-winning Hampshire Young Interpreter Scheme®
- resources: loan of books, dictionaries, Persona Dolls and artefacts
- phone line services for parents and practitioners in key languages
- advice and support where there are EAL/SEND concerns about a child
- EMTAS e-learning modules
- network meetings
- EAL and Traveller Excellence Awards (whole school)
- Heritage Honours Award (for pupils)

#### **Article 30 United Nation Convention on the Rights of the Child**

Every child has the right to learn and use the language, customs and religion of their family whether or not these are shared by the majority of the people in the country where they live.

## EMTAS Summary Information

According to the Spring 2023 School Census, 5.6% of Hampshire's Black, Minority Ethnic and Traveller children were in East Hampshire schools (taken from the 'Ethnicity District' tab). This equates to 1767 children, compared with 1599 in 2022. Additionally, 6.8% of Hampshire's EAL (English as an Additional Language) learners were in East Hampshire which is equivalent to 904 children (743, 5.5% the previous year, 2022).

In the academic year 2022-23 a total of 1117 children were referred to Hampshire's Ethnic Minority and Traveller Achievement Service. Of these, 60 children were referred by schools in the East Hampshire district, 13 more than 2021-22. The majority of these referrals were for children new to English. 16 Ukrainian and 9 Russian speaking children were included in the 2022-23 numbers for East Hants, these linked to the war in Ukraine. In addition, 37 East Hants Traveller children were supported by EMTAS in 2022-23.

Academic results for BME and Traveller groups are collected, analysed and reported on by Hampshire EMTAS annually. A summary analysis comparing the attainment and progress of BME and 'Hampshire All' is carried out in addition to more detailed analysis of attainment within individual groups. These data and analyses are made available by district in a separate progress and attainment data booklet. It also captures a range of other information such as attendance, the percentage of children eligible for Free School Meals (FSM) as well as the changing profile of the district in terms of languages and ethnic groups.

Within EMTAS, we recognise that different districts of Hampshire will have different needs according to their particular demographic.

All data that have been used are correct at the time of writing but may later be subject to minor changes as new data are published. Dates and sources are acknowledged. In some cases, numbers within ethnic groups are very small. To maintain confidentiality, values of 5 or less represented as <6.

Note that where numbers are small, although they may give an indication of a particular pattern it is very difficult to draw any firm conclusions and the data should therefore be used with caution.

Please get in touch with EMTAS should you have any questions or queries. We can be reached in the following ways:

Census languages have been fairly consistent since 2020. Polish is and has been the top language in East Hampshire since 2020 with Romanian coming in second in 2022, overtaking Filipino for the first time in the three year period shown. Ukrainian came in second in 2023, the first time East Hampshire has seen significant numbers of children speaking this language. Many of the Russian speakers recorded in the census are also from Ukraine. These children are here because of the war in Ukraine. Note that languages recorded in the Census may differ from the languages spoken by children referred as new arrivals to EMTAS. Notable by its absence from the East Hants data is Nepali, which is the second highest language in Hampshire as a whole. Language data are collected termly; ethnicity data are collected in the Spring Term only. Accurate recording of pupils' home/first languages enables better targeting of additional resources. EMTAS have produced a leaflet giving further information about home/first language which is available on our website:

**Ethnicity - East Hampshire and Hampshire Summary - Pupils for whom English is an Additional Language (EAL)  
Summary by Ethnicity and Academic Year**

The largest ethnic minority group in East Hampshire district is Any Other White Background (WOTH). Polish speaking pupils make up the largest EAL language group within WOTH, with Romanian and Ukrainian speaking pupils also figuring within this group. The numbers and percentages in this group have remained fairly static over the last 3 years with no significant changes to note.

The percentage of BME, below, is different from that shown within the 'Ethnicity District' tab as this percentage is generated from all the Pupils in this district, not all of Hampshire

**Ethnicity - Hampshire Summary - Black and Minority Ethnic (BME) pupils including those of Traveller Heritage  
Summary by District and Academic Year**

In 2023, East Hampshire ranks tenth of all the districts of Hampshire in terms of the number and percentage of pupils from BME backgrounds with only Gosport having fewer such pupils.

Over the last three years, the number of BME pupils in East Hampshire has slowly increased in line with the trend across most other districts of Hampshire, although the overall percentage of children from BME backgrounds in East Hampshire has remained the same at 5.6% for the three years shown. However the % increase in numbers of BME children within the district rose in 2022-23 by more than in 2021-22.

These data refer to take up of free school meals and may not necessarily reflect eligibility and need. Therefore the data may not be an entirely true representation of the BME population as not all families may apply for FSM due to a number of reasons.

**EMTAS Referrals - East Hampshire and Hampshire Summary - Pupils for whom English is an Additional Language (EAL)  
Summary by Language and Academic Year**

EMTAS new referral data have been included to give an indication of languages spoken by those pupils who are most recently arrived into the county and into this district of Hampshire. Census languages for the county as a whole were fairly consistent until 2020-21, when first Cantonese saw a big increase, followed by referrals for children speaking Ukrainian and/or Russian, due to the war in Ukraine. Referrals for these latter two languages remained at the top of the list for East Hants in 2022-23, with Malayalam in third place. Malayalam speakers originate from South India, a connection with the health care sector bringing people into Hampshire from that country of origin.

## Gypsy, Traveller, Roma, Showmen and Boater (GTRSB)

### Summary of EMAS work supporting children from these communities by District and Academic Year

[Return to Index](#)

The data in the table below show numbers of children of GTRSB heritage who have been supported in school by EMAS in the academic years shown. The numbers do not reflect the entire GTRSB population in any of the districts. They do, however, include GTRSB children who may ascribe as WROM or WIRT or who are identified as Travellers or Showmen in the Traveller Questionnaire that is sent to schools annually.

## Gypsy, Traveller, Roma, Showmen and Boater (GTRSB) - populations on roll in Hampshire

[Return to Index](#)

The data in the table below show the known population of children of various GTRSB heritages on roll in Hampshire schools for the date ranges shown. These may include children ascribed as White Irish Travellers (WIRT) or White Roma (WROM) as well as children from Showmen families (Circus and Fairground). The actual number of GTRSB children may be higher than the data suggest for reasons related to ascription and/or children not having been identified on any of the data sources used by schools to capture demographic information about their pupil cohorts.

Below is a graphical representation of the data presented in the table on the 'GTRSB by District' tab. Three academic years' data are shown, revealing an uneven distribution across Hampshire. Higher numbers of Hampshire's known school-aged GTRSB populations can be found in Winchester, The New Forest and Hart whilst numbers in Gosport remain very low over the three years shown.
