#### About EMTAS

Removing barriers and inequalities in engagement, progress and attainment is a priority for all schools. We work with school-based practitioners to develop practice and provision for children and young people from Black and Minority Ethnic (BME) and Traveller groups, including those learning English as an additional language (EAL).

All our work is underpinned by the United Nations Convention on the Rights of the Child (UNCRC) particularly Articles 22, 29 and 30, and is supported by continuous professional development and enhanced DBS (Disclosure and Barring) checks.

#### Core services we offer

- baseline assessment (Profile Report) for children and young people at point of transfer into their new UK school
- where appropriate, support for children and young people for whom English is an additional language
- a full range of services to improve access, engagement and participation of Traveller children, young people and parents/carers
- advice and training for teachers, senior leadership teams, EAL Co-ordinators, Traveller Co-ordinators, Governors, Teaching Assistants and Office staff on all aspects of pedagogy, practice and provision for children at various stages of learning English as an additional language and their families, and for those of Traveller heritage
- guidance on the delivery of the award-winning Hampshire Young Interpreter Scheme®
- resources: loan of books, dictionaries, Persona Dolls and artefacts
- phone line services for parents and practitioners in key languages
- advice and support where there are EAL/SEND concerns about a child
- EMTAS e-learning modules
- network meetings
- EAL and Traveller Excellence Awards (whole school)
- Heritage Honours Award (for pupils)

#### Article 30 United Nation Convention on the Rights of the Child

Every child has the right to learn and use the language, customs and religion of their family whether or not these are shared by the majority of the people in the country where they live.

## EMTAS Summary Information

According to the Spring 2023 School Census, 5.9 % of Hampshire's Black, Minority Ethnic and Traveller children were in Fareham schools (taken from the 'Ethnicity District' tab). This equates to 1844 children, compared with 1682 (5.9%) in 2022 - a rise in the number of children but the same percentage. Additionally, 4.9% of Hampshire's learners of EAL (English as an Additional Language) were in Fareham, which is equivalent to 790 children (647, 4.8%, in the previous year, 2022).

In the academic year 2022-23 a total of 1117 children were referred to Hampshire's Ethnic Minority and Traveller Achievement Service, a high figure for the Service but not dissimilar to 2021-22. Of these 1117, 55 children were referred by schools in the Fareham district, a slight decrease compared with 59 in 2021-22.

Academic results for BME and Traveller groups are collected, analysed and reported on by Hampshire EMTAS annually. A summary analysis comparing the attainment and progress of BME and 'Hampshire All' is carried out in addition to more detailed analysis of attainment within individual groups and is made available separately. This data booklet shows demographic information for children from BME and Traveller backgrounds in Fareham compared with the Hampshire All cohort. It captures a range of other information such as the percentage of children eligible for Free School Meals (FSM) and the changing profile of the district in terms of languages and ethnic groups.

Within EMTAS, we recognise that different districts of Hampshire will have different needs according to their particular demographic.

All data that have been used are correct at the time of writing but may later be subject to minor changes as new Census information is published. Dates and sources are acknowledged. In some cases, numbers within ethnic groups are very small. To maintain confidentiality, values of 5 or less represented as <6.

Note that where numbers are small, although they may give an indication of a particular pattern it is very difficult to draw any firm conclusions and the data should therefore be used with caution.

## Language - Hampshire Summary - Pupils for whom English is an Additional Language (EAL) Summary by District and Academic Year

Fareham has the third lowest number and percentage of pupils with EAL in Hampshire (790; 4.9%), having had the second lowest for the previous three years. The number of pupils with EAL in Fareham is increasing, as is the trend with the overall number of EAL learners within the county as a whole. Compared with 2022, the percentage of Hampshire's children with EAL in Fareham has increased only very slightly, from 4.8% to 4.9%. The continuing rise in the number of EAL learners in Fareham and across Hampshire is illustrated by the graph on the next tab (EAL Graph).

Census languages have been fairly consistent in recent years, and Chinese remains the top language in Fareham, having overtaken Polish in 2022. Malayalam remains in third place.

Language data are collected termly; ethnicity data are collected in the Spring Term only. Accurate recording of pupils' home/first languages enables better targeting of additional resources. EMTAS have produced a leaflet giving further information about home/first language which is available on our website - [EALparentsfirstlanguageandascrption.pdf \(hants.gov.uk\)](#)

**EMTAS Referrals - Fareham and Hampshire Summary - Pupils for whom English is an Additional Language (EAL)  
Summary by Language and Academic Year**

EMTAS new referral data have been included to give an indication of the languages and backgrounds of those pupils who are most recently arrived. In Fareham, the highest numbers of referrals in 2022-23 were for Ukrainian-speaking children who arrived in the district due to the war in Ukraine that began in the Spring of 2022. The second highest numbers of referrals in 2022-23 were for Cantonese-speaking children settling in the UK under the new visa programme for British Nationals Overseas.

The data in the table below show numbers of children of GTRSB heritage who have been supported in school by EMTAS in the academic years shown. The numbers do not reflect the entire GTRSB population in any of the districts. They do, however, include GTRSB children who may ascribe as WROM or WIRT or who are identified as Travellers or Showmen in the Traveller Questionnaire that is sent to schools annually.

EMTAS began compiling separate GRT data in the Spring term 2020 hence the numbers for 2020-21 reflect 2 terms' work, not a full academ year.

The GRT data above are based on support delivered to children in Hampshire-maintained schools and academies that have bought in.

## Gypsy, Traveller, Roma, Showmen and Boater (GTRSB) - populations on roll in Hampshire

[Return to Index](#)

The data in the table below show the known population of children of various GTRSB heritages on roll in Hampshire schools for the date ranges shown. These may include children ascribed as White Irish Travellers (WIRT) or White Roma (WROM) as well as children from Showmen families (Circus and Fairground). The actual number of GTRSB children may be higher than the data suggest for reasons related to ascription and/or children not having been identified on any of the data sources used by schools to capture demographic information about their pupil cohorts.

Below is a graphical representation of the data presented in the table on the 'GTRSB by District' tab. Three academic years' data are shown, revealing an uneven distribution across Hampshire. Higher numbers of Hampshire's known school-aged GTRSB populations can be found in Winchester, The New Forest and Hart whilst numbers in Gosport remain very low over the three years shown.
