About EMTAS

Removing barriers and inequalities in engagement, progress and attainment is a priority for all schools. We work with school-based practitioners to develop practice and provision for children and young people from Black and Minority Ethnic (BME) and Traveller groups, including those learning English as an additional language (EAL).

All our work is underpinned by the United Nations Convention on the Rights of the Child (UNCRC) particularly Articles 22, 29 and 30, and is supported by continuous professional development and enhanced DBS (Disclosure and Barring) checks.

Core services we offer

- baseline assessment (Profile Report) for children and young people at point of transfer into their new UK school
- where appropriate, support for children and young people for whom English is an additional language
- a full range of services to improve access, engagement and participation of Traveller children, young people and parents/carers
- advice and training for teachers, senior leadership teams, EAL Co-ordinators, Traveller Co-ordinators, Governors, Teaching Assistants and Office staff on all aspects of pedagogy, practice and provision for children at various stages of learning English as an additional language and their families, and for those of Traveller heritage
- guidance on the delivery of the award-winning Hampshire Young Interpreter Scheme®
- resources: loan of books, dictionaries, Persona Dolls and artefacts
- phone line services for parents and practitioners in key languages
- advice and support where there are EAL/SEND concerns about a child
- EMTAS e-learning modules
- network meetings
- EAL and Traveller Excellence Awards (whole school)
- Heritage Honours Award (for pupils)

Article 30 United Nation Convention on the Rights of the Child

Every child has the right to learn and use the language, customs and religion of their family whether or not these are shared by the majority of the people in the country where they live.

EMTAS Summary Information

According to the Spring 2023 School Census, 8% of Hampshire's Black, Minority Ethnic and Traveller children were in Hart schools (taken from the 'Ethnicity District' tab). This equates to 2498 children and represents a small increase in numbers compared with 2276 pupils in 2022 (8%). 1061 (7.5%) of Hampshire's EAL (English as an Additional Language) learners were in Hart schools according to the Spring census 2023. The number of pupils for whom English is an additional language is higher than in 2022 (860), and in percentage terms the figure shows a rise (from 6.4% in 2022).

In the academic year 2022-23 a total of 1117 children were referred to Hampshire's Ethnic Minority and Traveller Achievement Service, a high figure for the Service but not dissimilar to 2021-22. Of these 1117, 69 children were referred by schools in the Hart district, just one fewer than in 2021-22.

Academic results for BME and Traveller groups are collected, analysed and reported on by Hampshire EMTAS annually. A summary analysis comparing the attainment and progress of BME and 'Hampshire All' is carried out in addition to more detailed analysis of attainment within individual groups. These data and analyses are made available by district in a separate progress and attainment data booklet. It also captures a range of other information such as attendance, the percentage of children eligible for Free School Meals (FSM) as well as the changing profile of the district in terms of languages and ethnic groups.

Within EMTAS, we recognise that different districts of Hampshire will have different needs according to their particular demographic.

All data that have been used are correct at the time of writing but may later be subject to minor changes as new data are published. Dates and sources are acknowledged. In some cases, numbers within ethnic groups are very small. To maintain confidentiality, values of 5 or less represented as <6.

Note that where numbers are small, although they may give an indication of a particular pattern it is very difficult to draw any firm conclusions and the data should therefore be used with caution.

**Language - Hampshire Summary - Pupils for whom English is an Additional Language (EAL)
Summary by District and Academic Year**

Hart ranks sixth in terms of numbers of pupils with EAL in Hampshire. The number of pupils for whom English is an additional language in Hart has slowly increased over the last three census years as has been the overall trend in the county as a whole, though Hart's percentage share of the total EAL population of Hampshire has slowly decreased.

Census languages have been fairly consistent since 2019. Polish has been the top language in Hart since 2019, accounting for just under 11% of all the languages spoken by children in schools in the district.

Language data are collected termly; ethnicity data are collected in the Spring Term only. Accurate recording of pupils' home/first languages enables better targeting of additional resources. EMTAS have produced a leaflet giving further information about home/first language which is available on our website - [EALparentsfirstlanguageanddescription.pdf \(hants.gov.uk\)](#)

Ethnicity - Hart and Hampshire Summary - Pupils for whom English is an Additional Language (EAL) Summary by Ethnicity and Academic Year

The largest ethnic minority group in Hart district is Any Other White Background (WOTH) which mainly reflects the population of families originating from Europe who have settled in the district . The number of Pupils from WOTH has slowly increased since 2019. The second largest ethnic minority group is Any Other Mixed Background (MOTH), again comprising a diverse range of languages and cultures.

The percentage of BME, below, is different from that shown within the 'Ethnicity District' tab as this percentage is generated from all the Pupils in this district, not all of Hampshire

**EMTAS Referrals - Hart and Hampshire Summary - Pupils for whom English is an Additional Language (EAL)
Summary by Language and Academic Year**

EMTAS new referral data have been included to give an indication of languages spoken by those pupils who are most recently arrived. Hampshire's census languages had previously been fairly consistent in terms of the top languages from 2019-20 with Romanian, Nepali and Polish being the top 3 languages for referrals to EMTAS. However, in the last two years there has been a real shift in languages referred, reflective of world events. In Hart, Turkish was previously the most commonly referred language since 2019, but was replaced by Cantonese and Ukrainian speaking pupils for the first time in 2021-22. These two languages maintained their top positions in 2022-23. That same academic year, smaller numbers of referrals were received by EMTAS for children speaking a range of other languages who give the district its linguistic diversity.

Summary of EMTAS work supporting children from these communities by District and Academic Year

[Return to Index](#)

The data in the table below show numbers of children of GTRSB heritage who have been supported in school by EMTAS in the academic years shown. The numbers do not reflect the entire GTRSB population in any of the districts. They do, however, include GTRSB children who may ascribe as WROM or WIRT or who are identified as Travellers or Showmen in the Traveller Questionnaire that is sent to schools annually.

Notes:

EMTAS began compiling separate GTRSB data in the Spring term 2020 hence the numbers for 2020-21 reflect 2 terms' work, not a full academic year.

The GTRSB data above are based on support delivered to children in Hampshire-maintained schools and academies that have bought in.

Gypsy, Traveller, Roma, Showmen and Boater (GTRSB) - populations on roll in Hampshire

[Return to Index](#)

The data in the table below show the known population of children of various GTRSB heritages on roll in Hampshire schools for the date ranges shown. These may include children ascribed as White Irish Travellers (WIRT) or White Roma (WROM) as well as children from Showmen families (Circus and Fairground). The actual number of GTRSB children may be higher than the data suggest for reasons related to ascription and/or children not having been identified on any of the data sources used by schools to capture demographic information about their pupil cohorts.

Data collated from the Travellers' Attendance Report produced by Hampshire County Council's DaIT Team annually at the end of the summer term

Data for September 2019 to March 2020 reflect the lockdown situation during Covid 19 when schools were closed to the majority of pupils

Gypsy, Traveller, Roma, Showmen and Boater (GTRSB) - populations on roll in Hampshire schools

Below is a graphical representation of the data presented in the table on the 'GTRSB by District' tab. Three academic years' data are shown, revealing an uneven distribution across Hampshire. Higher numbers of Hampshire's known school-aged GTRSB populations can be found in Winchester, The New Forest and Hart whilst numbers in Gosport remain very low over the three years shown.
