About EMTAS

Removing barriers and inequalities in attainment and achievement is a priority for all schools. Working alongside Head Teachers and using our expert advice, guidance and training, we can support schools to close the performance gap and improve educational outcomes for children and young people from Black and Minority Ethnic (BME) and Traveller groups, including those learning English as an additional language (EAL).

All our work is underpinned by the United Nations Convention on the Rights of the Child (UNCRC) particularly Articles 22, 29 and 30, and is supported by continuous professional development and enhanced DBS (Disclosing and Barring) checks.

Core services we offer

Baseline assessment (Profile Report) for children and young people at point of transfer into their new UK school

Where appropriate, support for children and young people for whom English is an additional language

A full range of services to improve access, engagement and participation of Traveller children, young people and parents/carers

Advice and training for teachers, senior leadership teams, EAL Co-ordinators, Governors, Teaching Assistants and Office staff on all aspects of pedagogy, practice and provision for children at various stages of learning English as an additional language and their families

Advice and Cultural Awareness training for the Traveller Lead and other staff working with children and families from Traveller backgrounds

Guidance on the delivery of the Hampshire Young Interpreter Scheme®

Resources: loan of books, dictionaries, Persona Dolls and artefacts

Phone line services for parents and practitioners in key languages

EMTAS e-learning modules (EAL and Traveller-specific)

Network meetings

EAL Excellence Award

Traveller Excellence Award

Heritage Honours Award

Due to the impact of the COVID-19 pandemic, most exams and assessments did not take place in the 2020/21 academic years. Further information about KS assessments can be found here [Coronavirus \(COVID-19\): school and college accountability 2021/22 - GOV.UK \(www.gov.uk\)](#)

Article 30 United Nation Convention on the Rights of the Child

Every child has the right to learn and use the language, customs and religion of their family whether or not these are shared by the majority of the people in the country where they live.

EMTAS Summary Information

According to the Spring 2024 School Census, 7.0% of Hampshire's Black, Minority Ethnic and Traveller children were in Havant schools (taken from the 'Ethnicity District' tab of the Demographic data booklet for Havant, 2024). This equates to 2337 children, compared with 2193 (7.1%) in 2023. Additionally, in 2024 6.0% of Hampshire's learners of EAL (English as an Additional Language) were in Havant schools, which is equivalent to 1116 children.

Academic results for BME and Traveller groups are collected, analysed and reported on by Hampshire EMTAS annually. A summary analysis comparing the progress and attainment of BME and 'Hampshire All' is carried out in addition to more detailed analysis of progress and attainment of children in different ethnic groups. This data booklet shows the progress and attainment of children from BME and Traveller backgrounds in Havant compared with the Hampshire All and National cohorts.

Within EMTAS, we recognise that different districts of Hampshire will have different needs according to their particular demographic.

All data that have been used are correct at the time of writing but may later be subject to minor changes as new data are published. Dates and sources are acknowledged. In some cases, numbers within ethnic groups are very small. To maintain confidentiality, values of 5 or less represented as <6.

Note that where numbers are small although there may be an indication of a particular pattern, it is very difficult to draw any firm conclusions and the data should be used with caution.

**EYFSP - Havant, Hampshire and National Outcomes - BME/Non-BME Pupils - number and % achieving a Good Level of Development (GLD)
Summary by Ethnicity and Academic Year**

Results may be affected by when the child started school and their previous educational experience; in many countries children start school later than the UK so children who came as international new arrivals may have less school experience than other children. Further, some of the assessment work that is done in Foundation Stage must be performed in English and not the home language, which may skew results for children for whom English is an Additional Language (EAL). It is important that parents are encouraged to continue speaking their home language with their child as research tells us that pupils will develop stronger skills in English if they come to school with a solid foundation in their first language. EMTAS has produced a leaflet for parents/carers titled 'Bringing up your child in more than one language' that can be downloaded from the website in a range of languages. Also on the website is a leaflet for parents/carers that distinguishes the difference between home and first language.

- Non BME (Other) includes Refused (REFU), Information Not Yet Obtained (NOBT) and Information Not Provided
- Ethnic Group is defined by parents and/or pupils (if over the age of 11)
- Includes pupils in all Hampshire Primary, Special and Independent schools (including Academies)
- Excludes Education Centres and pupils placed out of County
- Data are collected for all pupils aged 5 and over as at the previous 31st August.

**Year 1 Phonics - Havant, Hampshire and National Outcomes - BME/Non-BME Pupils - number and % Working At (Wa) at the expected standard of Phonic decoding
Summary by Ethnicity and Academic Year**

Outcomes by ethnicity from the Year 1 phonics check show variability at County level with some groups eg 'mixed white and Asian', 'Bangladeshi' and 'Chinese' outperforming the 'white British' majority population and 'any other mixed', 'Asian other' and 'Asian Indian' coming very close. Other groups performed less well by this measure, the poorest being 'Gypsy/Roma'. The national picture differs in that outcomes for more of the ethnic groups shown were better than 'white British', though the poor outcomes for children in Traveller groups remains a constant. Note that the national data will be based on higher numbers of children than the Hampshire data.

Key Stage 2 Reading, Writing and Maths - Havant, Hampshire and National Outcomes - BME/Non-BME Pupils - number and % achieving Expected Standard Summary by Ethnicity and Academic Year

The 2024 Key Stage 2 Hampshire outcomes by ethnicity again show variability. The groups that outperformed Hampshire's 'white British' cohort are 'white Irish', 'white other', 'mixed white and Asian, mixed other', 'Asian Indian', 'Asian Pakistani', 'Asian Bangladeshi', 'Asian other', 'black other' and 'Chinese'. The two Traveller groups, 'Gypsy/Roma' and 'Traveller of Irish heritage', were the ones with the poorest outcomes by this measure. Note that the ethnicity data are based on low numbers of pupils relative to the 'white British' figure.

Key Stage 4 - Havant, Hampshire and National Outcomes - BME/Non-BME Pupils - % achieving Key Stage 4 benchmarks
Summary by Ethnicity and Academic Year

Hampshire's Key Stage 4 outcomes by ethnicity show that most of the groups performed well in comparison with the white British majority school population. Those groups where this was not the case include the two Traveller groups ('Gypsy/Roma' and 'Traveller of Irish heritage') and children in various of the black groups. As with the other data included in this booklet, note that low numbers of children in the groups other than 'white British' mean these data should be treated with caution.

 Hampshire data from Keyaps flat files
 The previous 'expected progress' measure has been replaced by a 'value added' type progress measures in reading, writing and mathematics. There is no 'target' for the amount of progress an individual pupil is expected to make. Any amount of progress a pupil makes contributes towards the progress score. A score of zero means that pupils in a school (or group) made the same progress as those with similar prior attainment nationally; A positive score means that they made more progress than those with similar prior attainment; a negative score means they made less progress than pupils with similar starting points nationally.
 The National BME figure is calculated by DaIT from published data

**Key Stage 2 to Key Stage 4 Progress - Havant, Hampshire and National Outcomes - BME/Non-BME Pupils - % making Progress
Summary by Ethnicity and Academic Year**

The Hampshire data below (middle table) show that by the end of Key Stage 4, pupils in most of the ethnic groups listed out-perform the 'White British' majority school population. However, a few pupil groups perform less well. 'Gypsy/Roma' and 'Traveller of Irish Heritage' are the two groups with the poorest outcomes, a trend that is sustained over the three years shown. Outcomes for Hampshire pupils in these groups are worse than the National. Poorer outcomes for pupils ascribed as 'Mixed White and Black Caribbean' and 'Mixed White and Black African' are also to be noted, though there is more variability here in comparison with the White British majority population. Note that numbers of pupils in the non-White British ethnic groups are low so the data should be treated with circumspection.
